### Several Hundred Attend Social Work Conference At Montowese House

#### Thirty-First Annual Meeting Of Connecticut Workers Held Yesterday And Today—Robert C. Deming, Assistant Administrator Speaks On "Connecticut De- fense Council Work."

Connecticut Social Workers met yesterday and today for a conference at the Montowese House. Over 300 attended.

This was the 31st annual meeting and was presided over by Conference President Eleanor H. Little of Guilford. Rev. B. Kenneth Anthony gave the invocation and Judge Frank W. Daley welcomed the delegates.

Among the speakers were: Harold F. Strong, Executive Director Children's Village, Dobbs, Ferry, New York; Ruth C. Dana, Hartford Bureau of Child Welfare; Dr. Robert H. Mathewson of the Division of Research and Planning State Department of Education in Hartford and many others.

Robert C. Deming, assistant administrator of the Connecticut Defense Council was one of yesterday's speakers. Using as his subject, "What the Defense Council Expects of Social Workers."

Among the local residents who assisted with the registration and ushering were:

Mrs. Arthur Scrivenor, Jr., Mrs. William E. Hitchcock, Jr., Mrs. F. Sherwood Boyd, Mrs. John Baldwin, Mrs. M. J. Carpinella, Mrs. Clarence R. Lake, Mrs. Howard Stevens, Mrs. Franklin Wagner, Miss Janet Hill, Mrs. Franklin Bracken, Mrs. Dana L. Blanchard, Mrs. John Schoolcraft, Mrs. Carl Montellus, Miss Ruth Huggins, Miss Jean Harrison, Miss Janet Hamre, Miss Virginia Poulton, Mrs. Donald Thompson, the Misses Noble, Mrs. William J. Tienken, Mrs. Milton Cross and Miss Virginia Paine.

Mrs. Helen Barnett and Mrs. Edith Hanna represented the Branford Welfare Department.

### Basil Nickerson, Miss Caggiano Married Here

Saturday in the First Baptist Church of Branford, Miss Francis Mary Caggiano, daughter of Mr. and Mrs. Joseph Caggiano of 116 Elm Street, West Haven, was married to Mr. Basil Sinclair Nickerson, son of Mr. and Mrs. Avery H. Nickerson of Pawson Park. Rev. A. W. Jones performed the ceremony in a setting of gladioli and palms.

The bride, given in marriage by her father, wore a colonial white figured bengaline gown with a square neckline and leg o' mutton sleeves. Her veil was draped from a Mary Queen of Scots headpiece. The diamond pendant worn by the bride was an heirloom and was worn by her aunt on her wedding day. She carried a colonial bouquet of mixed white flowers.

Miss Doris Riley of Meriden, aunt of the bride, was maid of honor, Miss Betty Coleman and Mrs. Adolph Blomberg of West Haven.

**FIRST MEETING IN ACADEMY**  
The first meeting of the season for the Branford Woman's Republican Club will be held at the academy Monday afternoon, Sept. 15, at 2:45.

Hostesses will be Mrs. John Barron, Mrs. Harry Carsten, Mrs. Albert Fenn and Mrs. Thomas Hopper.

Registrar Walter Palmer will discuss new voting laws and ballots.

**REPUBLICAN CAUCUS NOTICE**  
Republican Town Committee chairman John E. Brainerd has given notice that the Republican electors of the town will meet in caucus at the town hall Monday, September 15 at 8 o'clock for the purpose of nominating candidates for the various town officers to be voted for at the annual town election on October 6th.

### Freer To Oppose James J. Sullivan

Gerard Freer, a former first selectman, was nominated for the post again at a meeting of East Haven Democratic committee, and will oppose incumbent James J. Sullivan in the coming Fall election.

Dr. Rocco Bove was named the candidate for second selectman and others chosen were Mrs. Madeline Bixby, town clerk; Wilfred J. Talbot, town treasurer; T. Frank Reynolds, tax collector; registrar of voters, John J. Carter; Board of Education, Mrs. Rita Blondi, Alex Duran, Mrs. John L. Sanford and Russell McQuiggan; Board of tax Review, John McDaniel and Charles Capella; assessors, Richard Brache and John Brereton; grand jurors, Eugene Johansen, Frank Tenny and John DeFilippo; constables, Harold Burritt, John W. Walsh, John Kiser and George T. Woodworth.

### Irene Massey Becomes Bride Of Pvt. Morris

The marriage of Miss Irene Rosabelle Massey, daughter of Mr. and Mrs. Jerry Massey of 1 Main Street, to Pvt. 1st Class, Elliott N. Morris of Camp Edwards, Falmouth, Mass., son of Mr. and Mrs. Walter Morris of Morris Cove, took place Saturday morning in St. Mary's rectory.

The bride wore a princess gown of white faille taffeta, long train and her long tulle veil was draped from a cap shaped flower crown. She carried roses.

Miss Elizabeth Massey was her sister's maid of honor and wore a princess gown of aquamarine taffeta and hat to match and carried yellow roses. Private David Donofrio of Branford and Camp Edwards was best man. A dinner followed in the home of the bride's parents for the immediate families. In the afternoon a reception was held in the home. Mrs. Massey wore a powder blue gown, white accessories, and white roses. Mrs. Morris wore a gown of plum velvet, hat to match and white roses.

### GIRL SCOUTS MEET AND FORM PATROLS

The regular meeting of the Short Beach Girl Scouts was held at the school Friday evening with Mrs. Horace Van Sands leader and Miss Virginia Bracken assisting. Joan Gebel was elected treasurer and Barbara Miller scribe for the coming year. Three patrols were formed as follows: The Clover patrol, Patricia Bergen, leader, Joan Armstrong, assisting. The Gold Star patrol, Audrey Heiser, leader, Barbara Van Sands assistant and the Eagle patrol Leatrice Tucker, leader, Jean Calabrese, assistant. Miss Muriel Fullerton, who has just returned from Camp Townsend where she served as water counselor volunteered to start a class in Junior Red Cross. It was voted to hold a Mothers tea and Court of Awards in October.

**MORAWSKI-SESEK**  
Mr. and Mrs. Michael Seseske of the Boston Post Road have announced the coming marriage of their daughter, Mary, to Mr. Charles A. Morawski, son of Mrs. John Morawski and the late Mr. Morawski of Maple Street, which will take place on Saturday, September 27 at 10 A. M. in St. Mary's Church.

### James Sullivan Defeats Hall In Primaries

James J. Sullivan, Republican first selectman of East Haven for the past four years Monday defeated Harold C. Hall in one of the most spirited primary fights in the history of town politics. Sullivan, endorsed by the G. O. P. Town committee, polled 64 per cent of the ballots cast to defeat Hall, 656 to 378 a plurality of 278 votes.

Also chosen to be the party candidates in the coming election by margins which varied but little from initial candidates was the entire Sullivan slate.

Hall, president of the New Haven County Young Republican clubs, who contested the nomination of Sullivan after he failed to receive the endorsement of the town committee by a single vote margin, rolled a plurality only in his own district of Foxon. There he received 91 votes to 57 for the present first selectman.

Sullivan carried the center district by a two-thirds margin, garnering 510 ballots to 248 for Hall. He carried the Momauguin district, 89 to 39.

Others on the Sullivan ticket who were victorious were Lyman Goodrich, as second selectman nominee, Harry Conway, town treasurer; George Beckett, Board of Assessors; Myron Grover and Alvin Thompson, Board of Tax Review and Registrar of Voters Alvin Sanford. Incumbent Town Clerk Margaret J. Tucker and Tax Collector James C. Oglivie were uncontested by the Hall slate in the primary balloting.

### Harry's Steaks Are Real McCoy

Jim Bigelow was chief camp steward at the Green Mountain Boys annual trip to the Rutland fair over the week end but it was the sizzling steaks broiled by chef Harry McCoy over an open wood fire that made the trip worth raving about.

After a day at the fair the boys returned to camp and the Green Mountains listened to harmony such as never was heard in their hills before. The boys admit it.

The moon winked an eye to beg "Sing another song." On the trip were Edwin Maddern, Herbert Thayer, Ray Fairchild, Ben Baker Whit Marsh and Mel and Jim Bigelow.

### TRINITY PARISH NOTES

Trinity Church School will begin on Sunday September 21st.

Young People's Society will meet Sunday evening at 6:30 in the Parish House.

At 8:45 Sunday morning there will be Holy Communion with Morning Prayer following at 10:45.

### Library Has Old Leather Man Painting

Mrs. John Kennedy Loans Life Size Painting To Blackstone Memorial Library—Will Be Placed At Entrance Of Reading Room.

Opening night at the Nutshell Saloon in East Derby was to be an important event in the life of Frank Knight.

A. V. Durant, (1892) had been painting a life size picture of the Old Leather Man to be hung over the bar when the doors were thrown open for business.

Mrs. John Kennedy of Short Beach who was then Mrs. Knight was interested too for she knew of the strange wanderings of the Old Leather Man. Mrs. Kennedy says that the wanderer took an unusual interest in the painting and would remain for a few days in East Derby in order that Durant might paint. The next sitting would have to wait until the Old Leather Man made another periodic trip. Mrs. Kennedy does not know how the artist knew when the man would appear but she does remember that the artist was always ready and waiting and the traveler never failed an appointment.

### Musical Society Begins Season

The Musical Art Society will hold its first meeting this year on September 20. This will be a dinner at the Compass for members and guests. Mrs. Danielson, president of the society has chosen the following committee chairmen who will work with her this season.

Program, Miss Olive Pratt; ways and means, Mrs. William Crawford; scholarship, Mrs. George Fouser; publicity, Miss Marion L. Thatcher; junior counsellor, Mrs. William Rice; juvenile counsellor, Mrs. Raymond Pinkham; director of the chorus, Mrs. Harold Baldwin.

The elected officers for the year are Mrs. Andrew Danielson, president; Mrs. William Rice, vice-president; Miss Isabel MacLeod, treasurer; Miss Cornelia Osborn, historian; Miss Mary Devlin, librarian; Mrs. Wallace Poole, former president.

The first board meeting was held Monday night at the home of Mrs. Andrew Danielson.

### Thirty Members Attend Reunion

There were about 39 members of the B. H. S. class of 1939 at the reunion in Svea Hall Saturday night. The committee in charge were: Miss Virginia Bracken, chairman, Miss Stasia Petela, Miss Regina Donnelly, Stanley Bartholomew, Robert Damberg and Stanley Dzwonkoski. A new committee was elected to be in charge of the reunion next year consisting of Miss Barbara Carr, Miss Eileen Mooney, Miss Grace Boutelle, Kenneth Johnson, William Proto, Gerardo Giordano and Vincent Martone.

### Rainbow Girls Will Install

At a meeting of the Rainbow Girls Friday night the following members were elected to office: Worthy Advisor, Rose Damm; associate advisor, Eleanor Lorenzen; charity, Ruth Schaeffer; hope, Marion Berman; faith, Lorraine McManus. The installation will be semi-public and will be held September 27 in the assembly room.

### WHYTE DANCING STUDIO OPENS

Announcement is made of the opening of the tenth season of the Whyte Studio of Dancing at 204 Main Street, East Haven, over the post office.

Appointments may be made for class or private lessons in Acrobatics, ballet, toe, tap and ballroom. The new V dance will be featured at the opening of the ballroom classes.

### Was Familiar Character Fifty Years Ago—Game Through Branford Often—Allison Albee Has Gathered And Written His- torical Material About Old Leather Man.

Mr. Albee, back in 1937 sent the writer the following record. From the records of unidentified dead in the County Court House in White Plains NY: March 24 1889 on the George Dell farm town of Mount Pleasant County of Westchester unidentified man known as the Leather Man. Coroner George H. Sutton held inquest the next day in Sing Sing (now Ossining) verdict before Coroners Jury by Doctors Madden and Collins was death caused by blood poisoning due to cancer death 2 or 3 days when discovered Found by Henry Miller an acqueduct employee while out walking with his wife. buried March 25 1889 in Pottery Row in Sparta Cemetery. Body went unfulfilled and unburied to an unmarked grave in Leather Costume shown in window of Birdalls Saloon the next day where it was viewed by a curious crowd. (Ossining)

### Club Is Invited To Federation Meeting Oct. 8

The Branford Garden Club held its monthly meeting Friday afternoon in the Short Beach chapel with the Short Beach members as hostesses. Mrs. S. A. Griswold, president, presided at both board and club meetings, and conducted a patriotic service in which she read "The Legion of the Dog Wood Tree."

Mrs. F. T. Catlin, corresponding secretary, announced the annual meeting of the State Federation will be held in New Milford on Wednesday, Oct. 8 at 10:30 A. M. Miss Grace Cornell will give an illustrated talk on the subject "Know your Colors." Members are asked to notify Mrs. Catlin if they wish to attend.

Resignations were accepted with regrets from the following: Mrs. Joseph Marlinan, Mrs. Francis Rositar, Mrs. Charles Reynolds and Mrs. Francis Y. Joannes. New members received were Mrs. C. Murray Upson and Mrs. Harold Blakeslee.

Mrs. H. E. H. Cox, chairman of the ways and means committee announced that a balance of \$117.74 was cleared at the recent card party. It was voted to have three hostesses at each of the summer meetings. It was voted to tax each member 25 cents for guests. Mrs. W. T. Nott announced the annual luncheon to be held in the First Baptist Church, Friday, Oct. 3.

### Granite Bay Day Ends With Movie

The second annual Granite Bay field day was held Sunday. Races, baseball games, softball game and others were enjoyed. In the baseball game for married and single women the latter team was victorious. The following won in the children's races: Charles Mason, William Dennis, Joyce Lockyer, Marjorie Mattson, shoe race, Freddy Mason; road race, William Altman; game was a tie; sack race for men and women, Mr. and Mrs. Robert Kella; wheelbarrow race for men and women, Harvey Royden and Mrs. Arthur Halden; three legged race for men and women, Harvey Royden and Mrs. Arthur Halden; tug of war for men, Ed Penn's team won; Granite Bay softball team No. 1 defeated team No. 2; Miss Tessie Haroskevitz was awarded the prize for young girls. Refreshments were served. In the evening movies were shown on the lawn.

The Branford Theatre in cooperation with the Branford Ramble Football Team will present Mickey Rooney in "Life Begins for Andy Hardy" on September 18 and 19th.

### Branford Defense Council Sets Time and Locations For Civilian Enrollment

#### Centers Will Be Open September 15 to 20—Mrs. Ernest G. L. Craig In Charge—Everyone Asked To Fill Blanks—No Age Limits.

### Bicycles Cause Two Accidents

Twelve persons met their death two years ago in Connecticut by auto bicycle accidents seven in the day and 5 at night.

Last year the number was decreased by 2 with 8 fatalities in the daytime and 2 at night.

In 1939, 200 children and 92 adults were involved in bicycle accidents and last year the number of children increased to 247 but the adult number decreased to 87.

According to records at the police station 2 of the 17 automobile accidents in August involved bicycles. Chief of Police urges that parents warn children of this danger.

Comparative automobile accident figures follow:

	1939	1940	1941
January	7	13	12
February	10	8	10
March	5	16	11
April	10	7	4
May	13	8	13
June	9	12	11
July	17	15	17
August	14	16	17
Total	86	96	95

### William Collopy, Lucille Grover Wed On Sat.

The wedding of Miss Lucille Eunice Grover, daughter of Mr. and Mrs. George J. Grover of Chestnut Street, West Springfield, Mass., and William Vincent Collopy Jr., son of Mr. and Mrs. William V. Collopy of Grove Street, Granite Bay, was solemnized Saturday in St. Thomas' Church, West Springfield, by the pastor, Rev. John E. Forhan in a single ring ceremony.

The bridal music included vocal solos by Miss Claire Collins of Springfield who sang "Ave Maria," "Salutaris," and "On this Day, O Beautiful Mother," accompanied by Miss Eileen Toomey, organist of Springfield.

Miss Eunice Grover was her sister's maid of honor and Mrs. Collopy of this place was his brother's best man.

The bride wore a gown of white satin in Princess style length illusion veil and carried a colonial bouquet. The maid of honor wore a gown of blue taffeta with tiara and matching veil. She carried a colonial bouquet of pink roses and pompon chrysanthemums.

A reception was held in the Highland Hotel.

### ARNOLD HART WINS MEMBERSHIP PRIZE

During a membership Campaign within the district Vasa Star Lodge No. 150 presented the most names for initiation.

At a semi monthly meeting held in Svea Hall Friday evening and presided over by Albert Coates, Arnold Hart was given a cash prize as a reward for proposing more names than anyone else in the district.

The gift was delivered by District Master Person of Georgetown.

Present also was vice District Master Anderson of New Haven who invited members to the annual convention September 27 in Georgetown. Local delegates will be appointed at the September 19th meeting.

### SEA SCOUTS ENJOY MOONLIGHT CRUISE

The Sea Scouts entertained the following young ladies on a moonlight cruise on board "The Flying Cloud" Monday evening September 8th; Misses June Osbourne, Virginia Carey, Laurella and June Russell, Betty Hinkley, Anne Meglin, Carol Pardee and Florence Watson. Scouts present were 1st Mate, Jerry Giordano, Farrington Lay, Jr., Albert Bahnsen, Kenneth Bray, Carl Gullans, Austin Ryer, Albert Cullen, Norman Esborn, Bob Fletcher, Norman Plant, Jim Bradley, Milo Kibbe and Skipper Walker Haller. A very enjoyable time was had by all. After the cruise they adjourned to the Sea Scout Base and made plans for a Halloween Dance, to be held at the Sea Scout Base next month.

The Scouts are planning a trip Sunday to inspect the Morris Cove Scout Base.

**BAPTIST CHURCH NOTES**  
The morning service of the First Baptist Church will be held Sunday morning at eleven o'clock. Rev. A. W. Jones will direct the service of worship and deliver the sermon. The Church School meets at ten under the direction of Supt. Ellsworth Harrison. At this session the classes will be assigned to their advanced places and the teachers will meet their pupils. Several new classes are arranged for and additions have been made to the teaching.

**DEMOCRATIC CAUCUS NOTES**  
Democratic Town Committee chairman, Cornelius T. Driscoll has given notice that the Democratic electors of the Town will meet in caucus at the Town Hall, Monday September 15, at 8:30 o'clock for the purpose of nominating candidates for the various town officers to be voted for at the annual town election on October 6th.

YOU CAN DO SOMETHING

The average citizen must realize that while the greatest danger from enemy attacks is from fear and panic the greatest misconception is that the regular public authorities, police, fire, health, repair can handle the situation.

Good as such Branford departments may be they cannot possibly handle five or six hundred vicious fires all started within five minutes, unless they have the assistance of an efficient air raid warden system, and a public trained and informed as to what to expect.

And that's why the Branford Defense Council is asking you and your neighbors to register and to your.

Our chances of ever actually needing beds, bandages, potato peelers, telephone squads, baby benders or air raiders—other types of service in air raids are only five in a hundred. But isn't it better to be safely insured and prepared against possible trouble that to suffer and be sorry if it actually comes?

Register to make beds, cook a stew or repair a water main if that is the task to which you are best suited. Then if the emergency comes there is little panic and confusion.

FLAG OF CONQUEST

It must be an odd bit of bunting—that flag Hitler and Mussolini are reported to have designed for a unified Europe. How does it translate the diverse characteristics of millions upon millions of aspiring, freedom-loving people into one harmonious pattern?

If it be truly representative of the so-called "new order," it does this by symbolizing qualities of liberty that were French, of tolerance that were Dutch, of hope, of honor that were all peoples', and jamming them together into a symbolism that mocks their sequence. It design is said to include even the standard of Portugal—in other words, of a country yet to be conquered or territorialized—as well as of many nations which daily and increasingly show their unwillingness to be unified under any such banner.

Flags, from earliest times, were intended to inspire love and devotion; they had a religious and moral appeal that men found irresistible. Thus the Romans were sometimes inspired to almost superhuman military achievements by the casting of their flags into the enemy's ranks from which the Roman soldiers were determined to retrieve them, so dear, so sacred did they feel their emblems to be.

Flags were given to men to love, not to fear. An "army terrible with banners" was an army dedicated to the extreme sacrifice for the honor of its flag. Bearing the flag has since a time or among mankind been an honor

### WASHINGTON SNAPSHOTS

BY JAMES PRESTON

The recent shake-up in the government defense agencies is a leading topic of cloakroom conversation here, and a great deal of comment centers on the widespread confusion that led to the reorganization. Those familiar with the situation agree that in the past the entire defense picture has been precisely muddled. To substantiate their story they point to numerous examples.

The manner in which various government agencies compete with each other for available supplies of raw materials furnishes them with a case in point. While they admit that proof is hard to obtain, they have a strong suspicion that some departments are buying larger quantities of strategic materials like copper and steel than they can actually use. This does them little immediate good, and it frequently works a hardship on many private industries who are unable to obtain enough of these materials to meet their needs.

At the present time these departments get all the supplies they ask for, without having to prove that they actually need them for immediate use. If such proof were required, the allotting might be different and the plight of numerous private firms suffering from lack of such materials might be somewhat improved.

Whether or not the new defense set-up will be able to cut down on the waste of raw materials and similar problems remains to be seen. Even though most observers are inclined to adopt a "wait-and-see" policy regarding reorganization, doubt is expressed in some quarters that the new board will be able to function with the efficiency required for maximum defense effort. That can only be achieved, they insist by one man control of the entire defense production set-up. The new board provides authority, and for that reason they are inclined to see in it one more instance of the President's reluctance to delegate responsibility.

Many of those who hold this view frequently declared—often for publication—that the biggest defect in the industrial system has given it the highest standard of living the world has ever known. With only 6 percent of the world's population, America has 75 per cent of the world's passenger automobiles, 68 per cent of the radios, 50 per cent of all telephones, 44 per cent of all hard surface roads, and 34 per cent of all telegraph lines.

Since 1870 fourteen major industries have been developed in the United States, giving direct employment to 1,246,200 people. The figure for indirect employment created by these industries is considerably higher.

Although the current gasoline shortage affects only the eastern states, Secretary Ickes is on record as having said that the rest of the country might have to contend with a gasoline shortage as a disciplinary measure of the belittling kind, in the view of some observers. While no one professes to know whether any attempt will be made to follow up those words with deeds, many persons on the sidelines here are setting on the sidelines another example of the confusion that characterizes the whole gasoline shortage issue.

Conflicting rumors and contradictory statements have appeared in such a steady stream that no one at the moment seems to be entirely sure of what the truth really is. In some quarters there is a strong suspicion that the entire gas scarcity issue is being played up to dramatize the war. However that may be, it is too long since the fact remains that official Washington has been extremely reluctant to let the public in on the facts of the situation.

At present ways of alleviating the shortage seem to exist, but whether they will turn out to be the answers of the problem, observers here are not yet willing to say. They do point out, however, that the situation was allowed to become acute before any thing was done about it, and as an example, they cite the fact that pipe line to carry petroleum to East Coast refineries was proposed long ago, but before any action was taken on it.

Whatever criticism they may have for government agencies in connection with the gas shortage, those familiar with the situation unite in praising the oil industry for the efficiency with which it has celebrated the end of the problem. Accurate and laudatory construction, maximum use of tankers now in operation, use of pipe lines, barges and trucks—and other measures already being taken by the companies involved. While the situation is admittedly complex and no one seems to know answers to all the problems involved, promises and who would be glad of this standard by which to judge the situation of the oil industry, let the nearby personal considerations rule. If there is nothing to suggest that the higher interests of the country are at stake, it might help.

At the present time these departments get all the supplies they ask for, without having to prove that they actually need them for immediate use. If such proof were required, the allotting might be different and the plight of numerous private firms suffering from lack of such materials might be somewhat improved.

While the situation is admittedly complex and no one seems to know answers to all the problems involved, promises and who would be glad of this standard by which to judge the situation of the oil industry, let the nearby personal considerations rule. If there is nothing to suggest that the higher interests of the country are at stake, it might help.

At the present time these departments get all the supplies they ask for, without having to prove that they actually need them for immediate use. If such proof were required, the allotting might be different and the plight of numerous private firms suffering from lack of such materials might be somewhat improved.

Whether or not the new defense set-up will be able to cut down on the waste of raw materials and similar problems remains to be seen. Even though most observers are inclined to adopt a "wait-and-see" policy regarding reorganization, doubt is expressed in some quarters that the new board will be able to function with the efficiency required for maximum defense effort. That can only be achieved, they insist by one man control of the entire defense production set-up. The new board provides authority, and for that reason they are inclined to see in it one more instance of the President's reluctance to delegate responsibility.

Many of those who hold this view frequently declared—often for publication—that the biggest defect in the industrial system has given it the highest standard of living the world has ever known. With only 6 percent of the world's population, America has 75 per cent of the world's passenger automobiles, 68 per cent of the radios, 50 per cent of all telephones, 44 per cent of all hard surface roads, and 34 per cent of all telegraph lines.

### U. S. Farm Cash Milk Income Reaches New 10-Year High

By Ruth Eats

DAIRY farmers' cash income from milk for the first six months of 1941 reached the highest total in more than a decade and almost double the low of 1933, according to the Milk Industry Foundation. January-June 1941 total of \$888,000,000 is an increase of 18.9 per cent over the \$752,000,000 '40 period. June 1941 milk income was \$182,000,000, or 31.8 per cent above last June. Prospects indicate milk income will continue higher.

At the present time these departments get all the supplies they ask for, without having to prove that they actually need them for immediate use. If such proof were required, the allotting might be different and the plight of numerous private firms suffering from lack of such materials might be somewhat improved.

Whether or not the new defense set-up will be able to cut down on the waste of raw materials and similar problems remains to be seen. Even though most observers are inclined to adopt a "wait-and-see" policy regarding reorganization, doubt is expressed in some quarters that the new board will be able to function with the efficiency required for maximum defense effort. That can only be achieved, they insist by one man control of the entire defense production set-up. The new board provides authority, and for that reason they are inclined to see in it one more instance of the President's reluctance to delegate responsibility.

Many of those who hold this view frequently declared—often for publication—that the biggest defect in the industrial system has given it the highest standard of living the world has ever known. With only 6 percent of the world's population, America has 75 per cent of the world's passenger automobiles, 68 per cent of the radios, 50 per cent of all telephones, 44 per cent of all hard surface roads, and 34 per cent of all telegraph lines.

Since 1870 fourteen major industries have been developed in the United States, giving direct employment to 1,246,200 people. The figure for indirect employment created by these industries is considerably higher.

Although the current gasoline shortage affects only the eastern states, Secretary Ickes is on record as having said that the rest of the country might have to contend with a gasoline shortage as a disciplinary measure of the belittling kind, in the view of some observers. While no one professes to know whether any attempt will be made to follow up those words with deeds, many persons on the sidelines here are setting on the sidelines another example of the confusion that characterizes the whole gasoline shortage issue.

Conflicting rumors and contradictory statements have appeared in such a steady stream that no one at the moment seems to be entirely sure of what the truth really is. In some quarters there is a strong suspicion that the entire gas scarcity issue is being played up to dramatize the war. However that may be, it is too long since the fact remains that official Washington has been extremely reluctant to let the public in on the facts of the situation.

At present ways of alleviating the shortage seem to exist, but whether they will turn out to be the answers of the problem, observers here are not yet willing to say. They do point out, however, that the situation was allowed to become acute before any thing was done about it, and as an example, they cite the fact that pipe line to carry petroleum to East Coast refineries was proposed long ago, but before any action was taken on it.

Whatever criticism they may have for government agencies in connection with the gas shortage, those familiar with the situation unite in praising the oil industry for the efficiency with which it has celebrated the end of the problem. Accurate and laudatory construction, maximum use of tankers now in operation, use of pipe lines, barges and trucks—and other measures already being taken by the companies involved. While the situation is admittedly complex and no one seems to know answers to all the problems involved, promises and who would be glad of this standard by which to judge the situation of the oil industry, let the nearby personal considerations rule. If there is nothing to suggest that the higher interests of the country are at stake, it might help.

# DEFENSE PRODUCTION GOING INTO HIGH GEAR

Typical of the activities of defense production and delivery to the activity in these General Motors plants, from which machine guns, Allison liquid-cooled aircraft engines, and shells are being delivered in large quantities. These are only three of the many important defense products being turned out in G.M. plants throughout the country.

WITH every manufacturing division of General Motors now engaged in supplying one or more defense materials, production and delivery of defense goods are being stepped up sharply week by week, according to a recent statement by Alfred P. Sloan, Jr., Chairman of the Corporation.

Sixty G.M. operating units are actually in production on defense goods, Sloan revealed, and another fifty defense products totaling considerably in excess of \$200,000,000 have been delivered on government contracts.

It was just about a year ago that General Motors received its first emergency defense contract from the Government. Within the year it had plants in production on defense production, or are in the process of being completed. This year plant enlargements have been made and in 26 instances existing buildings have been re-equipped

with machinery. Many thousands of men have been trained, or are now in training in the special skills of defense production.

## Navy Recruiting Service Calling For Volunteers

Faced with a still greater demand for men in all classes of the Navy and Naval Reserve, officials of the Navy Recruiting Service here, are calling on all men between the ages of 17 and 30 years, with or without previous naval service, who are physically qualified, to volunteer for the period of the emergency.

With ten Navy recruiting stations located in areas covering a twenty-five mile radius, recruiters attached to these stations are constantly on the alert for the right type of man, Lieutenant Walter F. Hinceley, officer in charge of Navy Recruiting in Connecticut, declared today.

Robert Rice and family of Lake Quonnapaug, North Guilford at "Canary Lodge," Sound View Heights, Indian Neck.

# PRACTICAL HEALTH HINTS

Quick Reducing Is Dangerous

By Dr. James A. Tobey

MOST overweight persons need to reduce for their health's sake. Many refrain from doing so until someone, or anyone, tells them to. A sane reducing diet should contain not less than 1600 calories of food a day, and the food included must be of the type that will nourish the body while reducing. Most of the quick reducing diets are high in calories, an inadequate amount.

A recent popular, and foolish, reducing diet suggests nothing but black coffee and a grapefruit for breakfast every day for nine days. Such a monstrous breakfast on an empty stomach fails to provide the nourishment needed by the homemaker or office worker for the morning's activities.

A couple of slices of toast and a daily variety of fruits would improve this breakfast for any reducing diet. Starvation or near starvation will take off the pounds, but at the expense of the physical, mental, and emotional systems.

Sensible reducing is never a quick accomplishment, especially when an individual is carrying around a great deal of surplus weight. Recently a doctor reported in a leading medical journal that he successfully took 320 pounds off a 479 pound woman, not from fastidiously.

Loss of a pound a week while reducing is, in general, about right for the maintenance of health. Rapid methods that take off more than a pound a week are always dangerous. The right place to get advice on reducing is from your doctor and not from fastidiously.

## Opening Announcement

The Whyte Studio of Dancing, 204 Main Street, East Haven (over Post Office) has commenced its tenth season. There will be class and private instruction in aerobics, ballet, toe, tap and ballroom. The new V. dance will be featured at the beginning of the ball room season.

IN THE GOOD OLD DAYS

To the dentist of the "good old days" a good foot was second only in importance to a strong arm and a college diploma.

But gone now is the necessity for "foot work" and other symbols of ancient dentistry. Succeeding them is the skill, efficiency, sanitation and sterilization which characterizes the immaculate dentistry of today.

"Dependable electric service has done much to bring it about," the modern dentist testifies. In dentistry, as in other things, the "good new days" are electrical days.

# The SNAPSHOT GUILD

PICTURE COMPOSITION

Good arrangement makes this picture striking. A few simple rules, wisely applied, will help you improve your own snapshots.

MANY volumes have been written on composition—some of them excellent treatises on the subject—and there have been an untold number of discussions of what makes a picture pictorial. Unfortunately much of this material is so complicated and involved that it frightens the average amateur.

Generally speaking, the "composition" of a picture is simply a pleasing arrangement—an arrangement that "feels" right and satisfies the eye. In taking pictures, a little thought and common sense are better than a whole encyclopedia of rules.

Every picture subject is different, and no rule or set of rules can cover everything. When you choose a picture subject, simply ask yourself—"What arrangement of this will be most pleasing in the print?" Visualize the possibilities, then arrange the parts of your picture so that they carry out that idea. After that, simply frame your subject properly in the viewfinder, and release the shutter.

In pictorial composition, there are a few basic points that, if remembered, will aid anyone in making more attractive pictures.

Have but one main or dominating subject in the picture. The center of interest. See that each picture tells only one story. The principal subject may be flowers, one person or several, a nearby pond, or a distant mountain; but whatever it is, give that subject proper prominence.

Then there should be objects of secondary importance, unless it is a closeup portrait. If the picture is a group of trees, a second group, a little farther away, will help toward balance. When people are in a picture and the principal thing you wish to photograph is a distant mountain, have them look—not at the camera, but toward the mountain.

Backgrounds too are important in composition. Be sure that no tree branches are apparently growing out of a person's head, or an uncovered trellis or cupboard house is used for a background.

Organize the component parts of your pictures just as you would a room in your house. Spend a few extra minutes in planning, and work out the details before you shoot. It's not difficult—just arrange your snapshots in the viewfinder to please the eye, and you'll get better pictures.

John Van Guilder

## NORTH BRANFORD

Services in the local churches on Sunday will be:

Mass at 9:15 o'clock at St. Augustine's R. C. Church, Rev. William Brewer, pastor, Mrs. Edward Daly, organist and choir director.

Sunday School will follow with instructions by Dominican Nuns from New Haven.

Morning service at 10 o'clock at Zion Episcopal Church, Rev. Francis J. Smith, Rector, Mrs. Paul R. Hawkins, organist and choir director.

Morning worship at the Congregational Church at 11 o'clock, Rev. G. Dillard Lessley, pastor, Miss Ethel Maynard, organist and Mrs. Douglas B. Holabird, choir director.

Sunday School will convene at 10 o'clock, Mrs. Burton S. Hall, superintendent, All children of the parish are invited to attend.

Zion Parish Guild met on September 9 to plan the work for the coming season.

Mrs. Aiden J. Hill is serving on a committee at the Children's Community Fair which will be held on September 11.

Miss Dorothy Grace Linsley, daughter of Mr. and Mrs. Charles S. Linsley of Twin Lake Road will be married to Carleton Platt Jr., son of Mr. and Mrs. Carleton Platt of Milford at the North Branford Congregational Church on Sunday afternoon at 2:30 o'clock. Relatives and friends are invited to witness the ceremony.

The first fall meeting of the Red Cross sewing group was held on Wednesday evening in the chapel. Sewing and knitting at the meeting and in the homes is now in full swing.

The Republican Electors of the town met on Thursday evening of this week in Caucus. The Republican Town committee had previously met to draw up a slate which will be presented at this time.

Miss Agnes Fishback of Ascension, Paraguay is the house guest of her sister, Mrs. G. Dillard Lessley at the parsonage.

Mr. and Mrs. Burton S. Colter and family, Mr. and Mrs. Leslie Brindley and daughter, Ethel, and Frank Hasset, attendees of the Superintendents' outing at Happy Acres in Middlefield on Sunday. This outing was held for Superintendents from the New Haven Trap Rock Company and a barbecue dinner was followed by a turkey supper.

Mr. and Mrs. Carleton Dudley and sons of Haddonfield, New Jersey, were recent house guests of Mrs. Lois P. Dudley of Bare Plain. During their stay a family dinner party was held at the home of Mr. and Mrs. Frederick Dudley of North Haven.

The North Branford Fife and Drum Corps won first place at the meet held on Saturday at East Hartford in the senior ancient class.

Michael Amatrudo entertained the North Branford Fife and Drum Corps on last Sunday evening at a hot dog roast at his grove. A short contest was given by the boys. Over twenty-five members and a few invited guests were present.

On Saturday afternoon the Fife and Drum Corps will play at the Foxon Grange Fair.

The North Branford Fire Department held a business meeting on Wednesday night in the town hall.

Mr. and Mrs. Herry Juniver entertained Totoket Grange on Wednesday night at a picnic in their picnic grounds.

Miss Ethel Maynard was honored at the meeting of the Young People's Society on Friday night when she was presented with a beautiful lamp for her study room in her dormitory. Miss Maynard who is president of the society will leave on Thursday of this week for the University of Connecticut.

At the last choir rehearsal the choir of the Congregational Church where Miss Maynard was organist, presented her with a large box of Avon products.

Mrs. R. Earle Beers entertained her Sunday School class on Saturday afternoon at a luncheon in her garden. Those in attendance were Miss Eunice Colter, Miss Carol Boyce, Mrs. Mary Holabird, Miss Shirley Harrison, and Miss Ethel Maynard.

Totoket Grange met on Tuesday night at the town hall with a large number of members present. The annual harvest sale netted a goodly sum for the treasury. The literary program was presented by the local 4-H clubs and proved most entertaining. Miss Maria Shaw and Warren Brockett, county club agents, were present and each spoke of 4-H work. A sound moving picture on health and diet was enjoyed by all.

### Happy Birthday

Monday was Frederick Hargraves day to receive congratulations.

James Martin took it on the chin September 9th.

Today they are whispering and planning for Carl Nygard.

Jean Van Sands hopes Pop and Mom remember what day the 15th is.

Nancy, all important, to the Dr. Charles W. Gaylord home, will be two next Friday, the 19th.

Happy days ahead for Joan Hallen who was born the 23rd of September.

### Club Is Invited

Continued from page one
