James S. Bradley Passes Suddenly In Homestead Where He Lived As Boy

Funeral Services Saturday Afternoon At Norman V. Funeral Home—Loved To Tell Of Adventures On The Seas Familiar Figure at Kelsey's and Killam's Points

Connecticut Light and Power employees, Jerry Grondin and Herbert Sykes, working on Clark Avenue Short Beach about 9:15 responded to a call for help from Frederick O'Reilly.

Dropping their lines and grabbing first aid kits they entered the un-tenanted Bradley Homestead and found Mr. O'Reilly with James S. Bradley who had just passed away, Dr. A. S. McQueen was sum-

The son of Warren S. Bradley and Adelia Palmer he would have been 95 April 25th. He married Jane Scranton who died in 1920.

A sister, Mary Crane of Poplar Street, New Haven; a sister, Mrs. Bassett of Clark Ave., and a daughter, Mrs. Frederick Schwenk of Monterey Park, California are the survivors.

Funeral services will be conducted Saturday afternoon at 2:00 o'clock from the Norman V. Lamb funeral home with interment following in East Lawn Cemetery,

A few days ago Mr. Bradley sold the old homestead to Mr. O'Reilly and had dressed this morning prepared to have his picture taken in front of the dwelling before reconditioning commenced; and to give the new owner a hoe and ladder "You will have more use for them than I" he said and fell into Mr. O'Reilly's arms.

Yesterday he had expressed the hope that he might spend his last hours on the property. In excellent health Mr. Bradley walked from his cabin to the post office every day and often took the trolley to

Home Accident Deaths: Highest In Five Years

use a chair or other furniture as a Improvised ladder.

According to the American Red Cross, home accidents hast year accounted their greatest fatelity toll in five years. Some 33,000 persons lost their lives through falls, burns, poisoning and other hazards of overyday home life. Although loss dramatic—consequently loss aut to attract public interest—home accident fatalities ran a closs second to death on the street and highway, trailing by 1,500 deaths.

With carelessness playing the leading role, more than half of home accident deaths were attributed to falls—occurring on stairs, slippery floors, insecure rugs and mae of chairs and other articles of furniture as improvised stephadders.
