In order that Defense Council officials may be on hand to witness activities the report center at the police station will not be in operation but zone wardens homes will be operated as report centers.

For the first time, locally the Red Cross committee on information will be in operation. Mrs. Constance Meyer, chairman, will open headquarters in both communities to do such jobs as unloading distracted families and giving out information of that nature.

Sergeant Gives Inspiring Talk To Observers

About 250 observers attended a meeting of the sub-district in Gullford Tuesday evening. This sub-district includes the observation posts in Gullford.

The meeting was presided over by Major Blackwell and enlisted men from the First Flight Command. The principal speaker was Sgt. William Stockman who explained very lucidly just what happens at the filter board when observers phone in reports of flights.

Sgt. Stockman is a very interesting speaker and left observers with a much better idea of the nature and importance of observation work.

Another feature was movies of several English observation posts operating under actual air raid conditions including the shooting down of a Junkers bomber.

Attending from here were: Grace Hunter, Winifred Curtiss, Olive Fallon, Vivian Bliker, Beatrice Kelsey, Dorothy Olive, Marguerite Baldwin, Ella Closson, Ruth Evis, Betty Rathbun, Katherine Cream, Alice Houde, Marjorie Purcell, Margaret Montellus, Emily Eckstrom, Frances Johannes, Anna Karlowich, Mary Sliney, Ruth Cox, Anne Horton, Eunice Mills, Marion Stannard, Elizabeth Nicholas.

Need Laughter, Kevin Kemble Tells Rotary

At the Rotary Club's luncheon meeting Monday, Mr. Frank Bigelow of the M.I.F. Company, introduced the guest speaker, Mr. Kevin Kemble. Mr. Kemble, an Anglo-American actor of considerable note, who will play many of the leading roles at the Stony Creek Theatre this summer, spoke on "Theatre and The War Morale."

He opened the lecture by briefly stating how, from the beginning of its history, the summer theatre afforded the much needed personal contact between the theatre players and the audience itself. Today, however, the theatre, is somewhat imperilled by hardships placed upon it by legitimate war-time restrictions, but this vital relationship between actors and audience itself ensures its survival.

In this present position, Mr. Kemble reasoned, the theatre is expressing its vital necessity and adaptability in two ways. The first is civilian: the part is in maintaining morale, which has at times been emphasized by the President and Mrs. Roosevelt. The second is the support the theatre is giving to the U.S.O. Camp Shows both in raising money and in taking active part in the shows themselves.

In this way, people in Branford and other towns, by supporting the theatre are not only giving of money and reaping enjoyment, but in addition are helping to engender a spirit of support for the man in the uniform. They are actually giving part of themselves towards overcoming the problem which faces us all today.

Mr. Ronald T. Hammond, Director of the Stony Creek Players then spoke a few words at the request of the President. He expressed his eagerness to perfect an arrangement whereby the army selectees would be able to get complimentary tickets to the theatre while on leave.

The meeting adjourned with the club giving a rising vote of thanks to the guest speaker, Mr. Kemble.

The following members of the club attended the Charter Night of the Wilton Club: Charles E. Beadler, John E. Brainerd, the Rev. Frederic Murray, S. V. Osborn, Walter H. Palmer, Dr. N. A. Sharp and Harry H. Johnson.

Town Pledges To Buy \$170,568 In War Bonds

With seven canvassers still to report on the campaign to secure War Stamp and Bond Pledges the total number of pledges received is 1700.

Residents of the town have pledged to purchase \$170,568 worth of bonds during the next twelve months. This means that every man, woman and child of Branford's 8000 population would be buying \$21 worth if it worked out on a population average basis.

Breaking down the total of \$170,568 the average pledge would be \$100 per person for the 1700 signers. Actually the totals read: weekly purchases \$1886.80; monthly \$4668.40; every two months, \$193.75; every 3 months, \$125.00; yearly, \$930.00; at once, \$3918.75 and occasionally, \$1056.25.

Last month's sales were \$45,380 with an additional sum of \$25,000 purchased by the Branford Federal Savings and Loan Association. One matter has already arisen which materially affects sales. Of the \$170,568 pledged by Branford's residents a large proportion of that will be deducted in New Haven factories on a payroll basis. Branford urges that everyone, so far as is possible, purchase bonds locally.

School Board To Transfer Some Pupils

At its June meeting in the high school Thursday night, the Board of Education adopted a redistricting plan to relieve present congestion in certain schools. The Indian Neck 4th Grade will be transferred to Laurel Street School, and pupils of Grades 1, 2 and 3 from the Mill Plain and Post Road area who now attend Harrison Avenue School will be transferred to Indian Neck. It is anticipated that pupils of Indian Neck who will be transferred to Laurel Street and who live between Indian Neck School and the Center can be transported.

All pupils of Grades 4, 5 and 6 coming to school on the Branford Hills bus will attend Laurel Street School next year instead of Harrison Street School as at present.

All pupils of Grades 4, 5 and 6 who now come to Canoe Brook School on the Brushy Plain bus will be transferred to Laurel Street School.

On promotion day Friday, June 12, as soon as report cards are given out, all pupils will go to their new schools for home room assignments.

A delegation from the Senior Class of the high school, which included Mrs. Florence T. Royal, guidance advisor, Principal Clarence C. Townsend, President John Olejarczyk, Charles Montellus, Ernest Genrich and Barbara Welles, asked permission to install the class gift to the school in a suitable place.

Boy Scouts, 14 and over are eligible to serve as messengers for Civilian Defense under the chairmanship of Eugene Alexander. Other boys 16 to 21 are eligible. Boys must have written consent of parents.

As soon as enough boys enroll a 22 hour course will be arranged which will include air raid warden work, first aid, and physical development. It is hoped that three classes can be formed in town.

Available boys are asked to contact Mr. Alexander at the center, 513-3. James Laird, 1297 registering for Stony Creek or Francis T. Comerford 151-13 at Short Beach.

Tower Second To No Other Says Blackwell

Major Says Local Observation Post Is Best He Has Ever Inspected — Tower Unique.

The Branford observation post was inspected by Major Blackwell and a staff of enlisted personnel from the First Fighter Command on Tuesday afternoon.

The Major told Chief Observer Robert Cate that the post was one of the best he had ever inspected and that the arrangement of the observation tower itself was second to none.

Mr. Cate feels that credit for the success of the post is largely due to the co-operation and tireless efforts of his staff. The deputy chief observers Mrs. Flanders Smith and Mrs. Robert Cate have charge of the women sections and Irwin Morton, Flanders Smith, Fred Bliker and Raymond Pinkham have the men and boys section.

In addition Mr. Morton was of great help to the chief observer in designing the post, the construction of which is unique.

Where most observation towers have a shelter in the center and a cat walk around, which means there are certain blind spots, the Branford observation tower has the shelter underneath a top deck from which there is unobscured vision from every direction.

There is an all weather phone on this top deck so that the observer who is making the report can watch the flight of planes as he is talking to the filter board and give information at the very last second.

The efficiency in operation has shown further marked improvement since the appointment as instructors of Mrs. Harry Fresenius, Miss Hazel Teachman and Mrs. Archer Callahan.

Some similar method of assistance will soon be provided for the men on night watches.

Tax Collector Tells Of Work In Town Hall

Speaking at the Associated Business of Branford meeting Thursday evening at Howard Johnson's, Tax Collector Charles Terhune told of the duties of his office, touching on Old Age taxes, back taxes, auto, liens, and Borough and Property taxes. He also told of pressure of duties which could be reduced by slight adjustments in due dates.

Miss Bertha Erickson, also of the tax office, spoke briefly of the details involved in the required set of bookkeeping and agreed with Mr. Terhune that some duplication of work, required by law, could be overcome only by action of the Legislature.

It was voted to send delegates to see each group of draftees off to induction in the future. Five dollars was voted to the Branford Visiting Nurse Association.

The secretary was directed to ask the Selectmen to make an effort to have a flag on the Green for Flag Day.

Another bit of business transacted was to forward a letter to the Board of Finance requesting that future meetings be given newspaper publicity and that they be held in the Court Room, the idea being that the public would feel more free to attend these gatherings.

The next meeting will be September 3 at the Oasis. The door prize was given by Mrs. Sal Petrillo.

WILBUR F. DAVIS

Wilbur F. Davis, 54 former judge of Meriden court and until recently chairman of the Third Congressional District's Draft Appeal Board died Sunday following an illness of several months. He was the father of Mrs. Morse Curtis of this place.

Funeral services were held Tuesday afternoon in Meriden. A Pine Orchard resident he was active as a director of the chapel association and was a member of the club.

Branford One Of 108 Towns Giving Talks

Mrs. James Rowland Angell, director of Organization for the Consumer Committee of the State Defense Council, announced today that a total of 108 of the 169 towns in the State now are actively assisting in the Committee's program through the medium of local sub-committees.

The rapid expansion in the number of local Consumer Committees—whose mission it is to advise the public on how to buy wisely and well in the face of growing shortages and how to take care of the things they now have—was attributed to a growing demand on the part of the people for such information.

The work of the Committee, headed here by Mrs. DeLoss Blanchard and Mrs. Ernest Craig, she explained, falls within two main categories. First is the distribution of up-to-the-minute marketing advice through daily newspaper releases and radio programs. Second is the circulation of general consumer information through affiliated sub-committees, other women's organizations, State and County organizations and workers, grange units and other professional, social and religious groups.

In connection with this work the first of a series of five meetings will be held at the Community House, Friday at 2 P. M. The subjects will be Price Control and Cellarings; Care and Repair of Electrical and Gas Appliances.

June 19th, 2 P. M.—Saving, Care, Buying of Clothes and Fabrics.

June 26th, 2 P. M.—Conserve that Food by Canning; July 2nd, 8 P. M.—Tips for the Meat Budget; July 9th, 2 P. M.—Nutrition.

The five-dollar federal automobile tax stamps went on sale at the post offices here yesterday. It is indicated that possession of the stamp should be necessary for getting new gasoline rationing cards.

LET'S CO-OPERATE

ONE CONNECTICUT area is particularly fortunate regarding new demount regulations...

WHAT NO "WAR SONG"

"Those who no their musical teeth on 'There'll Be a Hot Time in the Old Town Tonight,' or perhaps in World War I marched to the tune of 'Tipperary,' may be inclined to wonder why the present military endeavor has as yet given no rise to a nationally popular war song."

THE MAN WITH THE HOE

IT HAS BEEN SAID that an army "travels on its belly" and it is well that we do not forget this oft-repeated phrase, first uttered by some bygone military genius.

I like to remember, when I was a child, covered with freckles, and ever so mid. To school every day, I'd go with the rest. And always seemed never, to have any zest.

SO PROUDLY WE HAILED

NOW THEREFORE I, Franklin D. Roosevelt, President of the United States of America, do hereby ask that on Flag Day, June 14th, 1942, that the people of the United States show the American flag."

UP ONE FLOOR

An interesting bit of business came out of the last meeting of the Associated Business of Branford. In the course of routine affairs, it was voted to request the Board of Finance to hold meetings in the Court Room in the Town Hall and to publish the date of meetings.

HITLER'S NIGHTMARE

IN THE LAST WAR, the Kaiser was afraid of American manpower. In this war Hitler is even more afraid of American industrial power, according to reports from the American correspondents who were interned in Germany after Pearl Harbor and who were recently exchanged for Axis citizens.

WHAT NOTS

If it were not for the tax revenue derived from non-resident owned property and from property owned by year round residents devoted exclusively to summer vacation business many of the Connecticut towns would have extreme difficulty in maintaining their present existence.

EARN'S TRYOUT

Bob Sperry, 6'3" East Haven High first baseman, has earned himself a tryout with the Branford Red Sox this summer. Sperry, who is only a sophomore at East Haven, has been hitting the ball at a terrific rate all season, as his .612 average easily proves. He will work out in the Hugh Duff baseball school at Fenway Park in the morning and also play in the Boston Twilight League.

Red Sox Hosts To Durham Nine

Next week Branford and Durham will meet at Hammer Field at 3 p.m. Sunday. Durham voted out the Red Sox in the ninth inning in the first game of the season, 11 to 0. Bob Bradley will pitch for the locals, backing him will be Montelius, Orens, Proto and Genrich in the infield, with Owens, Duell and Tobin in the outfield. Ellwell will be catching. E.B.

East Haven Nine Has Fine Record

East Haven High School finished second in the 1942 Housatonic League when it lost to Stratford last Friday, with a score of 6 to 1. East Haven found itself in second place in the League, while Stratford, Seymour and Branford were tied for first place. In retrospect, the East Haven team has had a good season. They played 12 games, with five victories and seven defeats. Outside prominence was given to the team when a farm club connected with the Boston Red Sox of the American Baseball League contracted sophomore Bob Sperry to attend their training school this summer. Ed Carey attracted enough attention while pitching for the MacFarlandmen to win himself a scholarship to Fordham University. The biggest weakness of the team was at the plate rather than on the field. Hamden defeated the Blue and Gold team on June 2 with the former gathering 8 runs on 7 hits and 4 errors, while the locals tallied 3 runs on 6 hits. May 29, told a better story.

Garvey's Leads Southern Loop

The Southern Connecticut Baseball League starts its third week, with all but two games played as scheduled. These two were postponed, due to weather conditions. Garvey's ten opened with two wins to lead the field. The standings, as of Sunday: Garvey's Tavern 2-0, Branford Hilltops 1-0, Hull's Brewers 1-0, N. H. Americans 0-1, Venice Grille 0-1, Eastern Machine Co. 1-1, W. H. Pinksteins 0-2.

Cinema Chatter

Ann Sheridan surprised a group of Mexican soldiers on the "George Washington Sleight Here" set at Warner Bros. by talking to them in Spanish. She learned the language when she was child in Texas. Gladys Cooper, playing Bette Davis' mother in "Now, Voyager," at Warner Bros., is considering an offer to do a play at Del Monte this summer, starting opposite her husband Philip Merivale. Director Howard Hawks will have one of the best equipped ranches in the west right in Bel Air, near Hollywood, when he completes improvements on his 8 Star estate. Bonita Granville, playing Bette Davis' mother in "Now, Voyager," at Warner Bros., is considering a role in a George Abbott musical on Broadway next season. Priscilla Lane in Hollywood today is Ann Sheridan, who has received the silver eagles of a U. S. Army colonel's rank as a souvenir of her many appearances before service men. Jack Benny likes to leave the set of "The Chase" with his "Clouds of Joy" and drive Director William Keighly's English-made car around the lot. Joan Leslie, now in "The Hard Way" at Warner Bros., seldom makes a line. She rehearses her script between each scene in a quiet corner of the stage. Gene Wynn, who sometimes designs her own smart clothes, is working on a "Victory Dress" which she plans to introduce at the end of the war. Gene Lockhart has a diamond ring which was presented to him by a person unknown to him either by sight or name. Her first professional appearances were made by Beth Drake, young Warner Bros. actress, as a singer over Chicago radio stations. Frank Wilcox, working in Warner Bros. "Across the Pacific," has a collection of 60 photograph records tracing the history of jazz. Elizabeth Fraser, young Warner Bros. actress, wears "Bay Defense Bonds" on the backs of pictures she sends to fans. Priscilla Lane has one of the smallest waists of any girl in Hollywood, measuring only 18 inches. Ann Corcoran, Warner Bros. actress, was discovered by a talent scout while modeling jewelry in New York. Ruth Ford, Warner Bros. actress, has been a model for fashion magazine art.

Work of Local Artist Taken To New York

The Index of American Design, started by the Works Projects Administration Art Program in 1936, is being taken over by New York City's Museum of Art, which will continue organization of the file and make the material available to the public. At the New Haven headquarters of this state's WPA Art Program, workers are cataloging and packing the Connecticut Index-color reproductions and photographs of decorative, applied and folk arts and crafts—for shipment to New York before June 10. Connecticut artists whose work is included in the Index are John M. Fullin, Martin Parfityka and Arthur Perry of New Britain; John Collins, Michael Laureano, Edward Digenere and William Hackney of New Haven. Although the Government will retain ownership of all this material, the Metropolitan Museum will exhibit and publish reference, exhibition and publication. Curatorial exhibitions will be organized for other museums, schools and libraries. The Index will be published and color slides and microfilms prepared. The museum, WPA Administrator Howard Stark, pointed out, is carrying out the original intent of this WPA undertaking: to create for the nation a complete, accurate record of the art of the people, as a basis for development of a traditional American design. Since 1940 this project has not been active in Connecticut, most of the artists having returned to private employment—many of them now being engaged in "designing" war weapons and equipment in 1936 project workers made 400 reproductions in color, 20 black and white reproductions and 122 photographs of objects not yet reproduced. Furniture designed by Hartford and New Britain artists, including the century and the Shaker settlers of Enfield, crewel embroideries of Colonial households, wall decorations by forgotten "Hudson painters" (sawyers, sign painters and circus parade wagon figures are some of the many items in the Connecticut Index) and William L. Warren—now in the Army—son of Dean C. M. Warren of Yale's Sheffield Scientific School, organized the Connecticut program and supervised the activities of a relatively small crew of artists and photographers. In museum, private collections, old houses, attics and barns representative objects of two and a half centuries of the state's folk art were hunted out. Photographers made quick, accurate record of each discovery and the artists followed to make reproductions in color or black and white. For each item in the Index the most complete historical data available was carefully compiled. Facts concerning present ownership and location were included, so that any items which weren't reproduced can be found without difficulty. The graduating class of Branford High school holds its class night exercises in the school auditorium Monday night at 8. Following is the order of exercises: Processional, "Festival March," Mendelssohn; president's address, John Olejarczyk; class history, Anne Gale, James Moller; invocation, Charles Baldwin; alumni matter, class; Star Spangled Banner, class and audience; recessional, Barbara Welles, Jane Williams; class celebrities, Sophie Olszewski, Peter Yuzkevich; classbook dedication, Charles Baldwin; alumni matter, class; Star Spangled Banner, class and audience; recessional, "Manhattan March," Felker.

Popular Actors Return To Play At The Shore

Notice to all officers of the law, archeologists, commercial advertisers, theatre lovers, and all other people who are attracted to real life acting. Donald Arthur, the man with the face full of smiles as the archeology-loving policeman in "The Good Neighbor," played last summer at the Stony Creek Theatre, is returning this season again as a resident member of the cast. During the past winter he has been running true to form, doing lots of things in the way that counts. "Two things in particular—he has been playing the role of a conservative theatre in New York as well as the USO Ching Shows. Theatre goes will also remember him as the forty-eight hour a day dynamo, Tony Kenyon, in "Skyline," the commercial advertiser who wanted to have his cake and eat it too. THE RIDE EXCHANGE

We will run free advertisements the next few weeks for those who either want a ride or have room in their cars for extra riders.

The number of advertisements may be small but we imagine that some will be forthcoming during the next few weeks. The slogan of the "Ride Exchange" is NEVER LEAVE TOWN WITH A VACANT SEAT IN YOUR CAR.

If you plan to go somewhere this coming week, send in an Exchange ad, telling where you want to go, and your telephone number. We'll run the ad, and perhaps through it you'll locate someone who is going to the same place the same day. Get together with them, and save gas and tires. Let us repeat, the ad will be run free during the next few weeks. Here are a few ads:

An Army plane can travel over 600 miles per hour in a power dive! No! The Flag of the United States should never be used as dresery or decoration!

The specific gravity of mercury is greater than that of iron. To determine longitude, when travelling, compare the time on your Bulova Watch with local time. If your watch is two hours ahead of local time, then you have gone West 30°. If it is one hour behind local time, you have gone East 15°. (In terms of longitude, 15° equals one hour of time.)

Hogan - Scholz

Miss Florence Mary Scholz, daughter of Mr. and Mrs. Richard Scholz, and Waldq Gifford Hogan, son of Mrs. Leora Hogan were united in marriage at a pretty ceremony performed at St. Augustine's Rectory last Wednesday morning by the pastor, Rev. John J. McCarthy. The bride was attended by Mrs. Mildred Boland, sister of the groom as matron-of-honor. The bride was with pastel trimming, and wore a

white picture hat and corsage of orchids. Her matron-of-honor was dressed in old rose with white picture hat and corsage of gardenias. Richard Scholz, brother of the bride was Mr Hogan's best man.

A reception for forty-five guests was held at the home of the parents and the rooms were beautifully decorated with beauty-bush, painted daisies, peonies, and mock orange blossoms. The centerpieces and table decorations were of the same flowers. Later in the afternoon the young couple left for an unannounced wedding trip and upon their return they will live with the parents of the bride. Several pre-nuptial showers were given in honor of the bride and her gifts were many and beautiful.
