"ONE GOOD TURN..."

Remember a few days ago the Sea Scouts of Flying Cloud held a drawing on a new Johnson row boat?

Fred, of Fred's Restaurant, East Haven, was the lucky winner, so a truck was engaged to deliver the boat to Fred.

Now in the restaurant business it is by a ticket for this and a ticket for that, so Fred took a stack of stubs out and found the corresponding stub. But who in the food business today gets time to go fishing or rowing?

Then he recalled that Billy Hayden on the East Haven river had sold him the ticket, so says Fred, give the boat to Billy with my compliments.

That's how come Billy Hayden is sporting a broad smile.

Baptist Church Gives Reception For Rev. Jones

Friends of the Rev. A. W. Jones, and members of the First Baptist Church parish will meet in the church Tuesday evening from 8 to 10 for an informal reception in the pastor's honor.

The affair is planned in observance of the completion of his ten year's service at the church.

During Rev. Jones' pastorate, certain improvements made in the building. Members say there has been a steady climb of attendance in both church and church school services. He has been unusually successful in his work among the young people, not only those of the parish but those of the Community.

He is the town's Probation Officer and is engaged in affairs of community life to a great extent. One of his latest undertakings is to devote as much time from church duties as he can to the affairs of the Veterans Advisory Committee, doing rehabilitation work on a governor's appointment.

He receives more mail from those in service than it is possible to answer.

Rev. Jones is a member of the Board of Managers of the State Baptist Convention; is on the leadership committee of the State Council of Churches at Hartford; locally he has been interested in Visiting Nurse Drives; originated the Branford YMCA groups and at present is putting effort into securing playground equipment for Hammer Field. During his ten years pastorate he has done a great deal of individual counseling, he assists at voluntary service in State Juvenile Court probation work.

He received his Bachelors degree in 1921 at Springfield College, remained for four years and in 1922 was graduated from Yale Divinity School. Previous to entering college he attended Bryant-Stratton Business College in Providence and for a while was engaged in the business world. In addition he spent considerable time in YMCA work.

The First Baptist Church here is the only pastorate he has held.

PROF. CARL DUNBAR SPEAKS AT ROTARY

Prof. Carl O. Dunbar, director of Peabody Museum, Yale University and who was recently elected a member of the Academy of Sciences addressed the Branford Rotary Club Monday noon on the subject of "Our Russian Ally."

Said Dr. Dunbar: "A good many people are now wondering why the masses of the Russian people are fighting so heroically for their country and their government, and why they are doing so much better than we thought they could. People are also concerned to know what their attitude is going to be toward us and the rest of the world when the war is won."

Then he proceeded to give what in his opinion was the answer. Thirty eight were at the meeting visiting Rotarians being: A. E. Carlson of Bronx, N.Y., R. F. Bailey of New Haven and Frank P. Sullivan of East Haven.

"We were fortunate, as two of many visitors from all sections of the States, to see them engaged at their training and work, which they seemed so absorbed in. Many of the visitors admitted that they would never have understood the magnitude of the Corps had they not seen them as active members of a truly worthy organization."

Speaker Blames Many Sources For Problems

Judge Meade Says Adult Crime Breeds Juvenile Delinquency

A community which tolerates adult crime breeds juvenile delinquency, Judge Stanley Meade said Thursday evening in the Community House in an address on "Juvenile Delinquency."

Blame for delinquency he did not place on home, church or school, but a combination of all stating that the juvenile delinquency picture is a reflection of the Community.

In speaking of recreation for youths, he called attention to the fact that practically all amusements for children today are of a commercial nature and urged that communities survey their recreational programs with an eye to providing adequate facilities for non-school hours. In this connection he said that the committee on juvenile delinquency at the recent Youth Legislature at Hartford presented 14 bills, two on curfew which did not meet with approval of the young people but the remaining 12 on recreation received favorable votes.

When questioned on the possibility of obtaining permission for able-bodied boys under 16 working part-time in stores, provided it does not interfere with studies, answered that he believed they should have permission under local guidance and cited several instances to prove his point.

THE OTHER FELLOW'S KID

Funny isn't it how the other fellow is to blame, how we are so apt to think the other fellow's kid needs correction.

WHY WAIT?

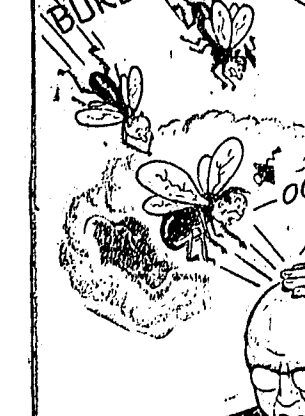

The idea of making D-Day a day of prayer has been widely accepted.

That is all to the good. But thousands, convinced that prayer is efficacious, will not wait until D-Day.

Others are naturally thinking of other fronts and are keenly aware that in Italy, in the Burmese jungles, and on Russia's First Front—in fact, in every theater and phase of this tremendous struggle—men are feeling the constant need for more than mortal strength and wisdom.

Washington Snapshots by JAMES PRESTON

Senator James Mead, of New York, has a secretary and four clerks to help him answer inquiries from his constituents, digest pending legislation, etc., etc., and keep up with what is going on in the busy halls of Congress.

The Budget Bureau's report astonished Mr. Mead who, as other Congressmen who share his plight, doesn't astonish easily.

Based on the volume of work in a government department, the Budget Bureau reported, the work in Senator Mead's office would entitle him to 237 clerks!

The pamphlet also reports the finding of Senator O'Mahoney, of Wyoming, that between January 1, 1941 and April 12, 1942, there were exactly 500 orders issued from the White House—more executive orders than issued by all the Presidents.

READING & WRITING

By Edwin S. and Robin McKown

The war brings suffering to many millions in many different ways. Just one phase of this vast tragedy is related in James Norman Hall's novel, "Lost Island."

James Norman Hall everyone knows best perhaps as collaborator with Charles Nordhoff of "Mutiny on the Bounty," the saga of Captain Bligh and his crew. He was an ace in the last World War, was shot down and taken prisoner in Germany.

This is the story that is told, simply and movingly, in James Norman Hall's "Lost Island."

One of the most remarkable heroines of the Civil War, according to Marjorie Briston Greenback in "Lincoln's Daughters of Mercy," was Mother Bickerdyke.

CONGRESS IS HUMAN

The Congress of the United States, although individuals may try to circumvent it, is and will remain the most important assemblage of men and laws in the world today, shaping the destiny of democracy.

But momentous as it is, Congress is no collection of super men or brains set upon an Olympian peak. Its members are no better or worse than those of us who elect them; they have their headaches and heart-aches, even stomach-aches, too.

Poinfing out that some 5,000 bills are being considered by 100 committees of Congressmen who are as belatedly by doubts and stresses as the rest of us, the NAM pamphlet gives an indication of the terrific strain under which our solons work. And it might add that, Washington in summertime could give envy and spiders to the hot and humid tropics themselves!

town clerk if HE RECEIVES A REGISTER (either in person or written) from the person desiring to vote—or if instructed to do so by the Registrar of Voters. The Registrar of Voters, in turn, can only instruct the Town Clerk if requested to do so by the FAMILY OF THE SOLDIER OR SAILOR DESIRING TO VOTE.

How many service men's families realize that they must make this application NOW if their sons are to be able to take advantage of their right to vote as citizens of a democratic nation? How many boys are going to forget about the coming election until it's too late and blame us for not letting them know.

It is up to those who do realize this to spread the word. There is too much talk about making Democratic work and not enough action! Here is a real "Defense Job" that everyone can pitch into!
