## STRICTLY LOCAL

### A LITTLE ABOUT THIS AND THAT

BY PAUL H. STEVENS

#### FIRE STRIKES UNTIDY HOMES

Henry G. Griswold of the Annex, a regular reader of the News, has kindly sent us a copy of this year's National Board of Fire Underwriters' pamphlet issued in connection with Clean-Up Week. The caption is "Fire Strikes Untidy Homes" and readers are cautioned "Clean Up Your Premises" and "Clean Out Your Fire Hazards." The householders of Greater New Haven, and that includes East Haven, will be observing Clean-Up Week this month and the ten suggestions given by the Fire Underwriters are well worth heeding.

Here they are:

- 1 Clear out Debris: Get rid of papers and rubbish in attics, closets, cellars and garages. Clean out everything you're not going to use. Tie papers in bundles and send them to salvage headquarters.
  - 2 Watch outside fires: Clean up your yard. Always use an incinerator, wherever possible. Avoid burning trash on windy days.
  - 3 Clear out paint and oil rags. Destroy rags or keep in closed metal containers. Paint or oil-soaked rags heat up from chemical action, burst into flames.
  - 4 Check your fuses. Use 15 ampere fuses in regular household circuits and don't put pennies behind blown fuses, keep wiring in good repair, and have all work done by an expert electrician.
  - 5 Avoid Flammable liquids. Remove them from your house. Don't clean with gasoline, benzine or naphtha. Play safe! Take clothing to a dry cleaner.
  - 6 Check stoves and heaters. Clean and check all heaters and have repair work done.
  7. Check pipes and chimneys. Clean soot out of chimneys and smoke pipes. Dirty defective chimneys are a leading cause of fire.
  - 8 Check Ash receptacles. Always put hot ashes into metal containers. Hot ashes in wood boxes set fire to many houses. Use a wire mesh screen in front of the fireplace.
  - 9 General Repairs. Plan needed painting and renovating this spring. Make repairs for safety in your home.
  - 10 Smokers. Be wise! Don't smoke in bed. Fumes from burning cloth may overcome or asphyxiate you before fire reaches you. Keep matches in safe containers and away from young children.
- Safeguard the lives of your family. Clean up and make your home safe this spring.

#### STREAMLINED POULTRY PRODUCTION

Connecticut Progress, published by the State Development Commission, devotes its interesting columns this month to the Connecticut Poultry Industry, an industry which, since 1943, has led all agricultural crops in value. The cash receipts for poultry mounted to 38½ million dollars in 1945 as against 29 millions for dairy and 22¼ million for tobacco, the other leading agricultural enterprises in this state. Here in East Haven we have many poultry farms bringing success to their proprietors.

Efficient industrial Connecticut has its counterpart on the modern Connecticut poultry farm where there is constant striving on the part of the poultryman to streamline his operation in order to cut costs and meet competition. A new innovation in poultry raising is the larger and more compact type of poultry houses being built, some of them three and four stories high with elevators to take feed to the upper floors and track conveyers to distribute it. It is now possible for one man to care for 20,000 broilers. Connecticut is known today throughout the world as one of the finest sources of baby chicks and hatching eggs.

Here are some quick facts about Connecticut Poultry as given in Connecticut Progress:

The sale of broilers in Connecticut comes fairly close to the sale of eggs—12 million dollars worth of broilers, as against 19 million dollars worth of eggs in 1945.

In 1945 Connecticut produced 4,984,000 chickens, 12,032,000 broilers and 185,000 turkeys.

Connecticut hens in 1945 laid 26 eggs per bird more than the average of all the hens in the U. S. A.

Turkeys have been coming ahead fast in recent years. Starting with 1941, here's the gross income from Connecticut turkeys—\$382,000; \$581,000; \$665,000; \$833,000; and \$1,173,000 in 1945.

In Connecticut, the greatest number of birds are in flocks of from 1,000—2,500 birds; in the Mid-West, the flocks of 100—200 birds predominate; and in the Southern states, it's 50—100 birds.

The size of flock in Connecticut is still growing. Back in 1925 the average was 445—in 1945, 1,935 birds.

It costs more to own a poultry farm in Connecticut than it did 20 years ago—\$14,901, as against \$8,804.

#### OUR APOLOGIES, PLEASE

Not a few criticisms have come our way, recently concerning failure of THE NEWS to reach subscribers. We have no way of knowing if you do not receive your copy, and it frequently happens that stencils become jammed or broken on the mailing machine at the office of publication. We apologize for such happenings and urge that if you fail to receive your copies two weeks in succession, you communicate directly with the publication office in Branford. Another mechanical detail that has proven annoying to many has been that of misspelled names, wrong dates and other typographical errors. We are endeavoring to eliminate such errors, and hope eventually to succeed in this direction.

### Down Memory Lane 25 YEARS AGO

April 11—April 17, 1922

Miss Lillian Bradley an instructor at Columbia was home for the Easter vacation.

Miss Annie Holbrook was spending the Easter vacation at her home here.

## Memorial Mass Thursday For J. F. Minahan

The second annual solemn high memorial mass for James F. Minahan, Jr., son of Asst. Chief and Mrs. James F. Minahan of Foxon, will be held Thursday, April 17, at 8 A. M. in the Church of Our Lady of Pompeii in Foxon Park.

James, then 18 years old, was killed by a Japanese suicide bomber on April 12, 1945, aboard the U. S. S. Tennessee in Far Pacific waters.

The young man enlisted on April 18, 1944 and graduated from the Naval Musician's School in Washington. A graduate of the E. H. High school class of 1944 he had a wide circle of friends. In his school days he was treasurer of the National Honor Society, member of the Pioneer School and Student Council and the School Orchestra. A talented musician, he played violin and trumpet having played with the Ward-Berman orchestra and earlier, as a child, with the Little Symphony orchestra.

## PUBLIC HEALTH GROUP GREET NEW MEMBERS

The April meeting of the public health nursing association of East Haven was held on April 1st at the home of Mrs. John P. Barclay on Edward Street.

Two new members of the board of directors were received at this time Mrs. William G. Graves of Francis Street and Mrs. John P. Tirpak of Foote Road.

Mrs. William E. Fagerstrom and Mrs. John Blomd were named as delegates to a meeting of the Community chest member-agencies, to be held at the Southern New England Telephone Company on April 11th.

Mrs. Marshall Beebe, Mrs. John Blomd and Mrs. Joseph Adams were named as a committee to assist at the nurses' Regional meeting to be held at the Hagaman Memorial Library on April 18.

A substantial check was received as a gift from the East Haven Order of Redmen, through the East Haven Defense Council. This contribution is gratefully acknowledged.

Following the business meeting a social hour was enjoyed.

Board members present at this meeting were: Mrs. W. E. Fagerstrom, president, Mrs. H. S. Johnson, Mr. F. V. Klein, Mrs. J. P. Barclay, Mr. and Mrs. Joseph Adams; Mrs. E. W. Dohna, Mrs. W. G. ## TRUMAN SETS AMERICAN DAY FOR MAY 18

First Selectman James J. Sullivan received a letter this week from Henry Nicolls, district director of the Immigration and Naturalization of the Department of Justice, Boston, stating that President Truman has proclaimed Sunday, May 18, as "National Citizenship Day" (I am an American Day, for public recognition of all whom by coming of age, or by naturalization, are attaining the status of citizenship).

The president urges federal, state, local and private agencies to set aside this national day to "help our citizens better to understand their privileges and responsibilities as participants in our representative democracy, to the end that world peace and domesticity may be attained and perpetuated."

Mr. Nicolls points out that throughout New England last year 407 Citizenship Day programs were held.

## Zoning Appeals Board Issues Six Decisions

At a meeting of the Zoning Board of Appeals March 26, the following applications were acted upon: application to operate a gasoline station and repairs garage at 137 Coe Avenue, approved; application for temporary use of a trailer 150 feet off Mansfield Road, rejected; application to use the property at 11 Coesey Beach Avenue as a restaurant, rejected; application to build a roadside stand on route 80 for the sale of fried chicken and french fried potatoes, rejected; application to remodel a frame building at 330 Laurel Street, rejected; application to erect three houses on a lot known as 50 Coesey Beach Avenue, rejected.

## Talented Cast Is Ready For Play

East Haven Players Will Present "Yes Or No" Nights Of April 16, 17 And 18.

Kenneth Horne's delightful English Comedy entitled "Yes or No" will, we predict, draw large and appreciative audiences to the Foxon Community Hall on Wednesday, Thursday and Friday nights of next week, when it will be presented as the annual spring offering of the East Haven Players.

The curtain will rise promptly at 8:15 o'clock each evening and it is imperative that everyone be on hand before the play begins as anyone who comes late will find it difficult to follow the unique theme.

The Players are being directed by Hazel Garvin and from those who have seen the rehearsals a real treat is predicted.

Here are brief thumb-nail sketches of the players who will have parts in "Yes or No".

Cecile Pichel—A newcomer to East Haven, received a Bachelor of Arts degree in Psychology from the Pennsylvania State College, is the mother of twin daughters, and a talented amateur thespian.

Frances Harvey—graduate of State Teachers College with B. E. Also graduate of Mme Annette's School of the Dance. Treasurer of Momauguin Mother's Club. First appearance.

Richard Harvey—Graduate of Junior College of Commerce. Attendee University of Connecticut. Member of Men's Club, Stone Church, Participated in Church Dramatics.

Claire Malcolm Oskins—graduate East Haven High '43; Member of Theplans.

Large Audiences Expected At Foxon Community Hall To See 'Amusing English Comedy'

Earle Thomas—Graduate West Haven High 1940; served three and one half year in Coast Guard.

Evelyn Bixby—Native of Worcester, Mass., where she attended grammar and high school.

Member of dramatic organizations in both schools.

Joseph Hawlin—Graduate of East Haven High School '39. Member of Senior Dramatic Club. Participated in plays. Six Years in Navy both theatres, chief radioman. Employed at East Haven Radio Company.

Beatrice Curry Hawlin—Graduate of East Haven High '43; also graduate of Joseph Lawrence School of Nursing, New London. Now at New Haven Hospital.

### WHAT'S GOING ON IN TOWN

Clean up time here!

Shovels, hoes, rakes busy again as home gardening starts.

Robins hopping around around merrily in our back yard these days seeking worms in border diggings.

Grass growing greener with each passing April shower and tulips are well above the ground.

We see that a new industry has opened on Main street, the Eastern Woodworking Company, which has taken the loft over the post office. Company consists of three ex-seargents who saw service in World War II. They are specializing in manufacturing book-cases and cabinets.

Large number of reservations reported for the big testimonial dinner at the Castle next Tuesday night sponsored by New Haven County Young Republicans in honor of Matthew Anastasio, president of the State Young Republican clubs. Many notables will join in honoring hard-working local man.

We learn that Fred Burkel, popular employee of Green's Market on Thompson avenue, is ill in the hospital following a heart

attack. His large circle of friends hope for an early recovery.

Mrs. Louis Greene of Dwight street flew last week to New Orleans, Louisiana, where she is enjoying a visit with her daughter.

Mrs. Herbert Coe of Hemingway left for Stockbridge, Mass this week to visit her son, Howard, and wife.

Mr. and Mrs. Jack Mintz have returned to North Carolina after spending Easter here. Mrs. Mintz is the former Marie Anderson.

A kitchen shower was given in honor of Miss Doris E. Kenny of Hamden, and a paper shower for Mrs. P. B. Tarbell Jr., both of whom are cousins. Miss Kenny will be married April 12 to Robert Brown of Hamden.

Mrs. Nellie Tyson of Coesey Beach road has returned home after being spending vacation in Florida.

Nice basket of fruit reached your editor's sactum past week courtesy of friend Fred Wolfe, jr., who has been spending vacation in Florida.

Now Prepared
To Give Out
1947 Licenses

Commissioner of Motor Vehicles
Elmer S. Watson today announced
that all officers of the motor
vehicle department are now pre-
pared to renew current 1946 oper-
ator's licenses which expire April 30.
Commissioner Watson stated that
applications received in the mail
by April 15th would be given im-
mediate attention but that after
that date he cannot assure any-
one that their license will be re-
turned by May 1st.
"Your current operator's license
has two applications attached to it
instead of those to which you are
accustomed," and the Commission-
er. "Both of these must be filled
out and submitted and both must
be signed by the operator. We must
have both of the applications so
that we can have a complete file
at the branch office and one in
the Hartford office."
"Mail both of the completed ap-
plications to the nearest branch
office, together with a check for
money order for the \$3.00 license
fee," the Commissioner added, "and
remember that each of the two ap-
plications must be signed."
C. L. Campbell, president of the
Connecticut Light and Power
Company, announced today that
the following organizational changes
in the power company were ap-
proved at a special meeting of the
Board of Directors held yesterday.
The Board reluctantly accepted
the decision of A. J. Campbell, pre-
sident of the company, to retire.
Paul R. Fleming, formerly secretary
and treasurer of the company, was
elected a vice president and will
also continue as secretary of the
company.
J. M. Kramarski, formerly assis-
tant secretary, was appointed treas-
urer of the company and L. E.
Reynolds, formerly auditor and as-
sistant treasurer, was made com-
ptroller and assistant secretary.
Mr. Campbell, in commenting on
the retirement of A. J. Campbell,
stated that the Board accepted his
decision to retire after more than
thirty-five years of distinguished
service with the company and his
predecessors, with greatest re-
spect. "Ever since he associated him-
self with us," President Campbell
said, "this abilities as an engineer
and executive have been of in-
estimable value and have materially
aided the light and power industry
in its development. My feelings,"
Mr. Campbell added, "are shared by
all employees who for many years
have benefited by his tolerant un-
derstanding of their problems, and

Why it takes 6% to make the grade...
Impartial research... shows that on the
average, people think we make 15%. They
also think a fair return would be 10%.

What We Make
But for the year 1946, with the biggest
peace-time traffic in history, the rail-
roads earned only... 2 3/4%. This is
less than one-half the comparable earn-
ings for other industries.
The reasons for this low return are
not hard to find. Since 1939 railroad
wages have increased 62 1/2% and the
prices of fuel, materials and supplies
have gone up 61 1/2%.
But freight rates have just recently
been increased an average of only
1 7/8%—a year after the effective date
of the last big wage increase.
What About This Year?
It is estimated that the return for 1947,
even with the recent freight rate in-
crease, will be only about half the 6%
minimum return required to provide
the improvements and services needed.
This will be because of increased costs
of materials and supplies; because cer-
tain wage increases granted in 1946
were in effect for only a few months
and will be in effect for all of 1947; because
of increased payroll taxes, on
railroads; and because of a decline in
passenger business.
What Does This Mean To You?
The answer is "Plenty!" Your standard
of living is the highest in the world be-
cause of MASS PRODUCTION. But mass
production would not be possible with-
out MASS TRANSPORTATION, which the
railroads provide at low cost.
Why 6% Is Needed
The kind of service you standard of
living requires takes a lot of money for
new equipment and improvements. To
carry out the post-war improvement
program for better equipment, tracks,
terminals and modern safety devices, a
minimum return of 6% is needed.
\*On total equity investment, the railroads
made only 2 1/8%.

### As Mr. Brinley Sees It

"Cast thy bread upon the waters, it will return to thee after many days."

And, it might be added, it's returning will bring the much joy, for to one ever gave to another, without return with abundance. Even apart from the Law of God, it is also a law of nature. You can't not give, without it returning in an increase. You give of anything, love, kindness, sympathy, lifting some load, material things or spiritual, it comes back bearing interest, sometimes not in channel expected, but what of that, it always comes back, and that to bless you, to give of yourself to your community, your school, your church, cannot possibly fail to bring its blessing, sometimes to you direct, and sometimes to those who are most precious to you. This Law of receiving and giving never has been known to fail. "The Sponge is useless, only as it yields what it has received." The mind that constantly receives and never gives out any of its wisdom or intelligence to those around, becomes sterile, stagnant, and then dead. The Law of the Sea, that has no outlet, becomes stagnant, sterile and then dead. You cannot receive into your mind the wisdom and understanding of "intelligence" and then hoard it, and Oh, no, the Law of Nature, and the Law of God, do not operate like that. If you are a Minister, a Doctor, a Lawyer, a Tradesman, a Teacher of anything and do not give out to those around you, part of your acquired intelligence, you are on the path of retrograding down hill. Your mind decays, sterility and stagnation sets in, and what you had, you lose, the things that hold its precious treasure, dissolves, and is lost. To conquer a new language and store it up, is to lose it, you must share it with another, in order to keep it fresh in your mind. To possess a new and brilliant thought, and not to talk about it to others, is to lose it. This applies to science and all trades in life.

### Mrs. Daisy Gurney A Tribute—From The Comet, East Haven High School

Like Edith Cavell, nurse, who gave her life for humanity, and Susan B. Anthony, educator, who relinquished hers for woman suffrage, Mrs. Daisy Gurney yielded hers to the cause of education.

East Haven has suffered a great loss in being deprived of a woman who spent twenty-six years of her life in East Haven helping to develop children into able citizens of our town.

Philanthropist  
Money meant nothing in itself to Mrs. Gurney, unless it could be used for aiding the needy.

She spent much of her own funds in enlarging the Geresh School Library which has now the largest grade school reading room in East Haven.

During the depression a certain boy did not have any money to buy a suit to wear for graduation. Sympathetic and generous Mrs. Gurney took the boy to New Haven to purchase it as a gift for him.

There are so many causes to which she always contributed unselfishly: Red Cross, Community Chest, Infants' Paralysis, and all the other charities, and she went to a school in West Virginia which was sponsored by grade teachers and pupils of East Haven.

Mrs. Gurney will long be remembered by her fellow teachers and students as one of the most admirable personalities they have ever known. They bid her a sad farewell.

### PLANS PROGRESS FOR LEGIONS ANNUAL BALL

All committee members for the second annual Military Ball of the American Legion, Harry Bartlett Post, to be held in the Branford Armory, May 16, have been appointed. Plans are progressing satisfactorily. The chairman of the various committees are: Joseph Rodenicki, Ray Desjardins, Melville Michaels, William Thompson, Peter Malloy, James Glynn, Thomas McMahon, John Wright, Charles Coyle, Herbert Hanley, Roy Hotchkiss, John Schmidt, Stanley Goodrich, Leo Hilborn, Ruth Farquharson and Joyce Koelle. Previous to this visit, Mrs. Gurney and Stanley Goodrich spoke at Foxon and Highland Schools to prepare the children for their visit.

### CHRISTIAN SCIENCE SERVICES

Sunday, April 13, 1947  
First Church of Christ, Scientist, Windsor and Derby Avenues, New Haven.

"Are Sin, Disease, and Death Real?" will be the subject of the Lesson Sermon for Sunday, April 13, 1947.

The Golden Text is from Habakkuk 1:12.13. "Art thou not everlasting, O Lord my God, mine Holy One? we shall not die: we shall not be angry with thee, for thou art of purer eyes than to behold evil, and canst not look on iniquity."

Selections from the Bible include the following: "Bless the Lord, O my soul, and forget not all his benefits: Who forgiveth all thine iniquities; who healeth all thy diseases; (Psalm 103: 2, 3)

Correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 525): "Sin, sickness, and death must be deemed as devoid of reality as they are of good, God."

### Death Claims Mrs. Mary Clark At Age Of 74

Funeral services for Mrs. Mary Ann Clark of 23 Park Place, who died Saturday at 2 P. M. from the parlors of Beecher and Bennett 100 Broadway, Mrs. Clark who was 74 years of age was a member of the Christ Episcopal Church. Rev. Alfred Clark officiated at the services.

Senior National Honor Society members who will be in charge of this visiting day program are: Laura Civitello, Carolyn Daniels, Rose Gustafson and Maureen Weber. Stanley Goodrich, vice president of the National Honor Society will welcome the students to the school.

Visiting days will be held for Geresh Avenue School on April 17, Tuttle School on April 24th and Union School on May 8th.

### Voter Asks For More Light On Town Report

Editor Paul:  
The question which is the mightier, the pen or the sword, has been debated many, many times. You are in the position to use the pen but your information arrived at thru reading East Haven notes I am afraid the others may soon attempt to use the sword.

I note that Matthew Anastasio is President of the Connecticut League of Young Republicans, Treasurer of the New England Group and Co-Chairman of the National Group. Evidently he has not as yet reached the International Stage. This is nothing against Mat as I personally think he is a pretty good egg.

I also note that the Local Democratic Committee has apparently come to life and they have the members of several different professions to do something. I don't know what, or to whom, or to tax dollars, but I am sure they will.

Paul, the question I would like to have answered concerns the little town of East Haven. I would like each tax payer to go to the Town Clerk's Office and get a copy of the annual report in which each official and each board reports the activities for the year. Paul, in your business, I believe it is much the same as in mine. A report of this nature would show how much was spent for what purpose and to whom paid could you or the members of the Republican or Democratic parties show me how to get this information from our annual reports?

Paul, you may receive some comments on this subject I would like very much if you would print what you may receive so that I may benefit by the thoughts of others.

### Visiting Days For Sixth Grades At High School

The annual sixth grade visiting days began on Thursday, April 3, when members of the 6th grade classes at Foxon and Highland Schools paid an all-day visit to the High School.

Members of the senior National Honor Society were in charge of the visitors. These members were: John Schmidt, Stanley Goodrich, Leo Hilborn, Ruth Farquharson and Joyce Koelle. Previous to this visit, Mrs. Gurney and Stanley Goodrich spoke at Foxon and Highland Schools to prepare the children for their visit.

The students were brought to the High School by the school bus. They were welcomed in the Auditorium by Henry Sellers, senior National Honor Society president, Henry Graver, Junior National Honor Society president, Superintendent William E. Gillis and Principal William E. Fagerstrom.

A complete tour of the building followed. Visits were taken to classrooms, laboratories, shop and gymnasium.

At noon, the visitors were guests of honor at a luncheon in the Cafeteria. At this time members of the newly organized Junior National Honor Society acted as hosts. These members were: George McGuire, Frances Spadaccina, Nancy Callahan, Paul Goss and Eleanor Casanova.

The day's program ended with attendance at an Easter program in the Auditorium when the High School Chapel Choir presented a musical program under the direction of Mrs. Wilhelmina Strandberg.

The children were returned to their home schools by bus.

The purpose of these visits each year is to prepare the students, who will be entering the junior high school department in September, with the school, its activities and methods, so that their adjustment to a new environment may be made more easily and satisfactorily.

On Thursday, April 10th, a similar program will be carried out for the 6th grade students of Laurel and Mansueta Schools. Preliminary talks to these students were given by Maureen Weber at Laurel, and Ruth Farquharson and Rose Gustafson at Monauguin.

### DR. LUCCOCK AT ST. ANDREW'S NEXT SUNDAY

Next Sunday a very special privilege is in store for our people! Dr. Halford E. Luccock, former minister of this church and now one of the most widely known preachers in our nation, will be our guest preacher.

Many of you will want to greet him personally and renew your acquaintance with him. Tell your friends in the community of this opportunity to hear him, and let's give Dr. Luccock a warm welcome back to the scene of his early ministry.

The flowers in the sanctuary Easter morning were provided by the Sunshine Assembly with Mr. Peberdy in charge of their special arrangement.

Official Board meets Monday evening at 8 o'clock, the parsonage. All members are urged to be present.

The two groups of the Youth Fellowship will meet Sunday night as usual. Our young people made their offering of \$15.00 toward the purchase of a heater for Europe at the Sub-District meeting in Wallingford Friday evening.

The Youth Fellowship gave one of its members, Miss Joan Haight, a surprise farewell party last week. Joan is moving with her family to New Hampshire.

A joint meeting of the Board of Education and the officers and members of the Republican or Democratic parties show me how to get this information from our annual reports?

Paul, you may receive some comments on this subject I would like very much if you would print what you may receive so that I may benefit by the thoughts of others.

**YOUR REACH IS GREATER NOW**

Just before the war, only half the families in Connecticut had telephones. Today, three out of four have them. That means you can call more people — and they can reach you.

In the last 16 months alone, 100,000 telephones have been added in Connecticut — and these new telephones mean a bigger value for every telephone user.

What does a stockholder look like?

It's pretty hard to draw a picture of a stockholder of this company. For instance, for every five women there are three men. They may be stenographers, nurses, craftsmen or salesmen. Nine out of ten of them live in Connecticut. But there's one thing all our stockholders have in common. They invest their savings in our business because of the return they receive on their money. If this return does not compare favorably with other companies through the years, they will not continue to entrust their savings to us. That's an especially important thing to remember now, when more money will be needed to build the kind of telephone system a busy, growing Connecticut wants.

Other lilies were donated by the Sunday School and were sent to shut-ins of the parish.

The firemen will meet Friday night at 8 o'clock to act on proposed amendments to the by-laws.

**COMPLETE REPORT**  
At the weekly meeting of the committee of S.S.S. Progress held Tuesday evening at the scout house, the report of the past year's activities was completed and signed to be given to the sponsoring group, the Short Beach Hose, Hook and Ladder Co.

The group also approved the coming land cruise and acted on mobilization schedules worked out by the troop to be used in case of emergency.

**SEA SCOUT LAND CRUISE**  
Sea Scouts of the S.S.S. Progress, and their committee members will gather at the Scout House Saturday afternoon at 4 o'clock to make ready for a week end land cruise to Hutchinson's farm, Mount Carmel.

The cruise will be a program built around passing outdoor requirements with the committee going along to assist the boys and share the fun and food.

Even Dezen met this week with Mrs. Walter Wilbur-MATTHIES MEYER-MATTHIES and Mr. and Mrs. Max Matthies of Beckett Avenue, have announced the coming of Justice of the Peace, William Blum, and Justice of the Peace, Walter Hilmer Meyer, son of Mr. Ernest Meyer of Toronto, Canada. The wedding will take place on Saturday, May 3, at 4 o'clock in the Church of the Epiphany. A reception will follow in the Hotel Taft.

Miss Matthes will be attended by Miss Anita Meyer, sister of the prospective bridegroom, as maid of honor, and by Miss Ruth Matthies Blum, Miss Ruth Matthes, and Mrs. Ella Chamberlin of Seymour, as bridesmaids.

Mr. Homer Meyer will be his brother's best man and the ushers will be the Messrs. John Chamberlin of Seymour and Vincent Friberg of Lyndhurst, N. J.

William Blum, Justice of the Peace, has recovered from his recent illness.

**LILLIAN BETTCHER DIES**  
Private funeral services were conducted for Lillian Welch Bettcher, wife of the late Louis A. Bettcher.

Survivors are Mrs. Genevieve Bettcher Jones of Beach Street and Carl W. Bettcher of New Haven and George Bettcher of Beckett Avenue. Billy Mardock is at home with chicken pox.

Mrs. M. D. Stanley attended the funeral services at the D.A.A.F. meeting in New Britain on Friday. Robert Thompson has been home from the University of Connecticut for the Easter recess.

Mrs. Elise Pardee has left for Oslo, Norway to join her mother.

Mr. and Mrs. A. Jean Pfeiff were holiday visitors in New Jersey.

The St. Elizabeths Womens Club will meet this evening at the dramatic Club.

**REORGANIZE SCOUT PLANNING BOARD**

At a recent meeting of the Short Beach General Scouting Committee it was decided to re-organize that group.

In the future, one delegate from each of the sponsoring groups and troop committees will compose a planning board.

This Board will elect from among its members, several committees on ways and means, house, rules and general care and completion of the Scout House.

The general public is urged to assist with interest and help wherever possible this worthwhile community project, designed for the enjoyment of all young people.

At present the following units are conducting their activities in the scout house: Junior and Senior Girl Scouts, Boy Scouts, Sea Scouts and an Air Patrol.

The new planning board will hold its first meeting at the scout house on Friday evening, May 2nd at 8 o'clock. Any interested adult having ideas or suggestions to present is most welcome.

Those present at the re-organization meeting were: Arnold Peterson, Stanley Bush, Earl Blake, Pierre Roesler, Curt Watkins, Walter Silverman, John Collopy, Victor Hutchison, Walter Williams, Bud Lind, Mrs. W. ### Drug Increases In Seriousness

Accidental deaths and suicides directly attributable to the effect of the barbiturate class of drugs are on the increase in the United States. Yet, many persons read of the danger with only remote interest, take their own sleeping pills and go to bed. It does not seem to occur to them that there is a connection between the basis for these deaths and suicides and their own habits. The seriousness of this situation cannot be over-emphasized. For the last two years, the barbiturates have led all causes of accidental and suicidal deaths from chemical compounds in Connecticut. The insidious danger from uncontrolled use of barbiturates is pointed up by the fact that sixty per cent of deaths due to barbiturate and its derivatives were accidental for all other chemical compounds, only one accidental death in two years has been recorded in the state.

Along with the unusual demands for every-day readjustment of refrains from injudicious self-medication to add them in sleeping and barbiturates to keep going. In should only use barbiturates upon many cases, the "sleeping pill" has the advice of a physician.

### Table Linens Are Inspiring

The dressmaker look is a new fashion in table linens brought about by the scarcity of the 72 inch fabrics required to make a full size tablecloth without seams. Paced with the problem of joining the narrower fabrics in an attractive manner, designers have achieved some truly beautiful cloths by using a number of highly effective dressmaker tricks.

Game Sanctuary For Wild Life

Listening at a coon club meeting while a member told about a recent moonlight hunt, I wondered, "In what way can forest land be improved for game and yet provide for wild life sanctuary and nature study?"

I also remembered a Pennsylvania Game Warden saying, in describing the admirable hunting-game sanctuary-forestry system of that State, "Those old buck deer really learned to know the sanctuary boundaries. The second morning after open season began I counted a dozen sets of tracks in the snow, coming from the large hunting areas outside into Refuge, No. 10, and only one set went out."

From similar discussions at hunting and wild life clubs, and from personal observation, I am led to believe:

- 1. That State Forest lands make for excellent public hunting if interior sanctuary areas of proper size area served to keep breeding stock from being wiped out. 2. A forest periodically opened up and harvested for wood products, with the provision of checker-board semi-open patches of clearcutting and swale—about 5% of the acreage—will support more game than dense forest.

elsewhere it's better left untouched. 6. Our woodlands need more evergreens. Hemlock is the natural evergreen for Connecticut—in mixture with hardwoods. It should be used more extensively in replantings.

State Makes Study Of Stony Creek's Vein Of Quartz

Among the State publications to reach the Review recently is a report of the State Geological and Natural History Survey.

The purpose of the survey is the examination of the geological formations and investigation of animal and plant life, with respect to their economic and educational value and the preparation of special maps and reports for the benefit of the people and for the advancement of the prestige of the State.

Dr. Harry Mikami and William Horney have worked on many problems of the state; of particular interest are their reports on the quartz vein of Stony Creek. The summary on this consists of nine pages and two large maps, a map and index of the topography and geology and another map and section showing the genesis of the deposit and its structure.

FOR TOWNSEND PLAN

Editor Stevens: The Townsend Plan provides a method whereby all citizens in America can use their full share of the new homes we have established, the agricultural products from our farms, the available power and light and heating capacity.

The Townsend Plan will not cost the government one cent and will not add a penny to the national debt. It achieves its end by the traditional principle of insurance, each citizen and business paying a proportion of income each month as a premium, each citizen being guaranteed an annuity when incapacitated by old-age, blindness or disability, and each business being guaranteed a continuous cash market.

"My Pop knows when everybody gets up!"

No, Tommy's Dad is not a snooper. It's part of his job to know what time you and your neighbors start turning on lights, ranges, shavers, percolators and toasters in the morning. For these all call for more electricity, and he's the man who tells the power-plants when to send more current through the wires.

TRAFFIC COP OF THE ELECTRIC LINES. If a bad storm breaks, Tommy's father does everything possible to prevent interruption to your electric service. If tomorrow will be colder, or cloudy, you'll need more current... he'll have it ready. Whenever you and your neighbors and the factories in your town are using a lot for lights and heat and appliances, he sends more into the wires. When the town sleeps, he orders less. As a Load Dispatcher, he holds one of the most important jobs in your electric company.

NEXT-DOOR NEIGHBORS TO EVERYBODY are these helpful men who see that you get all the low-cost electricity you want, when you want it. They have to know the hour-by-hour needs of every neighborhood... and that's where they draw on the intimate knowledge of the community that the electric company has gained over many years. It's the skill and experience of electric company people like Tommy's Dad—and the common sense business methods they use—that have built up for Americans the most and the best electric service in the world.

From where I sit... by Joe Marsh And That Ain't Hay -Or Is It? I guess all of us secretly hanker from time to time, for the good old days and the good old-fashioned pleasures. Leastways, Buddy Richards done a thriving business reviving the old-time hayride. With a team of horses, and a stout straw-bedded rack, Buddy can take as many as thirty adults—at fifty cents a head! Two or three times a week they start from Town Hall, and go out along the river; stop for a friendly glass of beer at Shoreline Tavern;
