A LITTLE ABOUT THIS AND THAT

BY PAUL H. STEVENS

A PUBLIC FORUM

At least five times since THE NEWS first appeared we have print-

ed a paragraph which was, and is, a part of our general platform.
"THE EAST HAVEN NEWS hopes to have a part in our town's progress by serving as a medium for the exchange of ideas, for the promotion of projects beneficial to the town, for the creating of a spirit of cooperation and cohesion among all our people, and for the development of the common good. We will have no part in petty politics, in special privilege, or in that which will benefit any individual at the expense of the community."

We have adhered strictly to this statement and will continue to

Recently communications and paid advertisements have come to THE NEWS that are of a political nature. We anticipate there will be more, because our columns would not be fulfilling their duty if they were not permitted to serve as a public forum for expression of opin ion, political or otherwise.

However we must make these points clear: 1. Opinious, expressed by writers whose communications are published, are not necessarily any one of the five stores. Official those of this paper or its editors. 2. Our columns are open to all and application blanks may be secured to both sides of any issue or question. 3. Writers must be brief (In the at any of the five stores. future we must limit any communication to no more than a half column . 4. Communications must be signed, and the contents kept within first submitted will be declared the the bounds their writers would expect others to do. THE NEWS can winner. The store owners will note serve as a public forum only by adherence to these ru'es.

THE ANTIQUES SHOW

Milton Cottler served up last Wednesday through Saturday in the New Haven Arena what proved to be the best of the eight annual 6. The contest will close at mid-Antique Shows he has provided for the Antique "fans" of Connecticut. Collectors, and those who are "just interested" came from all in cash will be awarded the winner parts of the state and beyond, to see the antiques displayed, and as we roamed up and down the interesting aisles Thursday night we noted many East Haven and vicinity neighbors among the enthralled spectators. It was a show well worth visiting.

We were interested in dropping in at the attractive booth of Nils Ahlberg, proprietor of the Old Mill Antique Shop, here in East Haven, where he and his brother, who has a similar business in New Ha ven shared the largest space in the big show. There were exhibitors from far and wide and hundreds of thousands of dollars worth of antiques of all kinds had been assembled under the huge Arena roof. If you had gone to the trouble of counting the number of booths you would have found seventy-three, and that is a lot for any show

The greatest popular interest of any exhibit was that manifested in the Barbar Shop of the Gay Nincties period. This barber shop was in the Barbar Shop of the Gay Nineties period. This barbar shop and quite a contrast to the up-to-date tonsorial parlors of today.

There is something fascinating about an Antiques Show, and browsing through the many exhibits was an experience we enjoyed browsing through the many exhibits was an experience we enjoyed.

CONNECTICUT VACATIONS

Our readers have seen that we like to quote from time to time from "Connecticut Progress", published monthly by the Connecticut Development Commission. This little four page publication has a lot of interesting and enlightening information pertaining to Connecticut and its industries. The April issue, which came to our desk, this week is devoted to the vacation business which annually brings millions of dollars to Connecticut people.

We were rather pained to notice in a map showing the towns in which vacationists stayed last year, East Haven attracted fewer vacationists than any of the twenty-three shore front towns. This does not, however, give the whole picture because most of East Haven's vacation trade is that provided by day-time visitors to our shore. Our summer cottages, too, are mostly occupied by their owners, and we have no large summertime rental or hotel business.

The bulletin informs us that an estimated 202,000 short-term va-

cationists come into Connecticut annually each summer and approxi-Gerrish avenues. mately 225,000 persons occupy summer dwellings. Of the 148 resorts, hotels, inns and camps listed, 56 are located along the shore of Long Island Sound and 92 are in inland locations. Private property in Connecticut which is used chiefly for recreation is valued at about \$100,-

The money spent by summer visitors in Connecticut goes into every town in the state and aids retail business and city commerce as well as resort areas themselves. It is estimated that ten million dollars in new business will be brought into Connecticut this summer by vacation visitors who come to the state. Many of these visitors will be attracted to Connecticut by the advertising campaign being carried on by the State Development Commission.

Business Group Asks Parking Restrictions

The East Haven Business Asociation, through its secretary, Robert O. Schirmer, has sent the following communication this week the Board of Public Safety:

As Secretary of the East Haven Business Association, I have been directed to urge the installation of signs about the center of East Haven denoting the one hour parking limit.

The members of the East Haven test:

1. A name that will be suitable for the building in which the following five stores are located: Dean Shop, Graves Sport Shop, Anderson Auto Accessories, East Haven Radio Co., and J. P. Morgan.

2. The name must apply either to the location or to the above mentage of the East Haven and dancing. An invitation is also extended to the veterans to attend the Memorial Day exercises on the East Haven are concerned power the increasing lack of convenilgations. With the continued growth of East Haven, as evidenced by the post office and bank, the parking problem undoubtedly is going to the continued that invitations have been sent to all veterans of .World War Business Association are concerned over the increasing lack of convenilgations. To The **Board Of Public Safety** Town Of East Haven

Section III of the Board of Public Safety Act creating your Board contains the following: "It sha'l appoint, remove, suspend, discipline and prescribe the duties of all officers and members First, there was a raid on the dwelling located of said departments (police and fire) whether on Dodge Avenue in which the complete equipthe regular supernumeraries and call members, and fix their salaries for compensation; make, all rules and regulations it may deem necessary, house located in the Foxon Park section in which consistent with the provisions hereof; enforce numerous gamblers and players were captured. and carry into effect a'l assignations, by-laws or In this second raid the State Police learned that resolutions of said Town and all laws of the State a large game running into thousands of dollars with reference to the safety of said Town." Under the provision of this Act you are given the responsibility of enforcing all the laws of the Town and the State with reference to the safety of the Town. HAVE YOU LIVED UP TO THIS

Recently it appeared in the newspapers that there was a robbery in the East Haven Police Station and that certain evidence in a criminal case had been stolen. This was hard to believe and bordered upon being a joke. It was not a joke nor a gag. It has never been denied by the Poice Department nor by your Board. The truth is that some of the thinking people of the Town after learning of this unhappy incident felt that if things were not safe in the Police Station. where would they be safe? They were thinking of their own safety and the security of their homes. We would like to know what action your Board is taking in regard to this neglect of duty. Did you have a hearing to obtain all the facts and place the responsibility for this sad incident where it should be? What disciplinary action has been taken and what has been done to correct the situation? HAVE YOU LIVED UP TO YOUR

It is a well-known fact that the police protection for the Foxon District has been practically taken over by the State Police. The residents of the Foxon District have become so discouraged and disgusted at the lack of protection from the local police that they have turned to the State Police for protection. When is this section of the Town or any other out-lying sections patrolled by the local police? The people of these out-lying districts are taxpayers and are entitled to this protection. HAVE YOU LIVED UP TO YOUR RESPONSIBILITY?

In the past year the Town has been the scene of two sensational raids carried out by the State Police on professional gamblers and bookmakers. ment of bookmakers was seized and confiscated Secondly, there was the raid on a store and had been going on and that it attracted many gamblers. Do we want these kinds of people in Town? Have you been at all curious that both of these raids were carried out by the State Police? In other words: HAVE YOU LIVED UP TO YOUR RESPONSIBILITY?

Numerous complaints have come to us from sidents and taxpayers of the Town regard to the treatment they received from the Police Department. Members of this Department from the Chief down to the supernumerary are only public servants paid with taxpayers' money Furthermore, they are accountable to your Board It is their duty to investigate every complaint of a criminal nature received from any resident of the Town. It is their duty to patrol every section of the Town and treat all residents alike whether they live in the Center, Foxon, Momauguin, South End, or Coe Haven, HAVE YOU LIVED UP TO YOUR RESPONSIBILITY?

Lastly, according to the Town's Annual Report

for the year ending September 30, 1946 listed under the Town Officers, is an individual who is listed as a member of the Board of Selectman and also as a member of the Board of Publi Safety. Is this the same man serving on both boards? If so, why the over-lapping of boards? According to Section II of the Board of Public Safety Act the Board of Selectmen appoints the members of the Board of Public Safety. Is it in the public interest to have such a situation? It is your duty to investigate the whole situation of the Police Department, find out what is wrong and make drastic changes. People of the Town are entitled to full value on their tax dollar and they are entitled to all the answers asked in this open letter. WILL YOU LIVE UP TO YOUR RE-SPONSIBILITY?

NEW VACUUM CLEANER

No waiting for your favorite model or make. Dealers in vacuum cleaners can make immediate deliveries of new 1947 machines. Today you have a choice of two popular types—the standard and the tank type-both of which do a splendid house cleaning job with attachments for cleaning rugs, floors, furniture and draperies.

For young "Mrs. Newlywed" about to experience her first spring house cleaning, there's nothing nicer than the right kind of a start -with a brand new electric vacuum cleaner. And there's nothing finer than a brand new cleaner, also, for the housewife who has nursed along her faithful prewar model for many years.

Drop in and see your dealer now! Or telephone and arrange for a home demonstration. If you get around our way come in and see the Royal Cleaners—a standard or a tank type offered complete with attachments for only \$69.95. Easy terms, tool

THIS may be your nextdoor neighbor's table-or yours. Sooner or later, cancer may come to your house or his. Every day, cancer sits at somebody's table. For cancer strikes—on the average—one out of every two American homes . . . one out of eight Americans is condemned to die of cancer unless we do something about it. How can you help fight this disease?

One way is to see your doctor the minute any member of your family develops one of cancer's danger signals*. Another way-a way in which you not only help guard

LIFE-AND-DEATH FACTS ABOUT CANCER

One-eighth of our entire population -17,000,000 Americans - are today doomed to die of cancer. This is a shocking, but absolutely true fact. But there is hope . . . even today, one out of three may be cured of cancer, and in at least one type, 92% is curable—when caught in time. And to help science finally conquer cancer, the American Cancer Society has made more than 100 grants for research projects. Right now, the same scientific group responsible for the atomic bomb is directing the research to conquer cancer. Every dollar you give speeds the search.

join the fight to conquer cance The April drive of the American Cancer Society Is now on. Help this vast army of workers drive cancer from our midst

those you love but bring new hope to thousands-is to

Give so they can pay for more research. Give so they can buy more equipment to ease suffering, restore hope. Give so they can find a cure for cancer-2 cure that some day may save a life in your own home. And give generously, won't you? Let's stop fearing cancer

*Cancer's Danger Signals 1. Any sore that does not heat ... particularly about the longue, mouth, or lips.

2. A painless tump or thickening, especially, is the breast, lip, or tongue.

4. Progressive change in the color or size of a wort or mole.

7. Any radical change in normal box
