A LITTLE ABOUT THIS AND THAT

BY PAUL H. STEVENS

A THOUGHT FOR THE WEEK

Good humor may be said to be one of the best articles of dress one can wear in society.-Thackeray.

CHRISTMAS AND THE T. B. SEAL

The annual sale of Christmas Seals by the East Haven Public Health Nursing Association is underway in East Haven, Residents have already received through the mails their share of seals in the East Haven alottment, and, we hope, a shower of dollars has already begun to descend upon the campaign chairman, Mrs. John P. Barclay

As she has pointed out in letters which accompanied the little seals, the funds derived from this year's sales of Christmas Seals will enable the association to provide safeguards such as tuberculin tests, X-rays, clinics and nursing service to those who need help, particularly to continue the East Haven work with children. The cost of the Christmas Seals is trifling, yet the good that money raised in this way does is far-reaching.

East Haveners already know the great good that has come from tuberculosis funds wisely expended during the past forty years. Tuberculosis has been driven from its one-time place as a leader of the "Captains of Death" down to a minor place upon the mortality list. Yet Tuberculosis presents a constant menace. It stands ready to strike, and only through the defense which tuberculosis funds make possible, can this dreaded killer be held in cheek.

Throughout all America Christmas Seals are being sold. Alone the little seals are helpless but multiplied by thousands and millions they become a power in the land. The cheerful, colorful T.B. Seal has become a real and essential part of the American Christmas. Do your part by buying seals.

EAST HAVEN'S PROGRESS

East Haven received considerable favorable recognition during the past month when Mrs. Dorothy C. Weed of 35 High Street, was awarded a handsome Radio together with a cash prize, for her entry in a contest sponsored by New Haven's popular Radio Station WNHC. The few words summing up East Haven's progress were read many ago and opened a small furniture times over the radio and called wide public attention through South- business as a side line in their times over the radio and called wide public attention through Southern Connecticut to East Haven's progressiveness.

Manager Jimmie Milne of Station WNHC has kindly given us permission to use this prize-winning statement from Mrs. Weed, and we feel that it will be of considerable interest to the townspeople. Here

"East Haven's progress is shown by enthusiastic citizens occupying many new and improved homes, patronizing progressive established and new local merchandizers and sponsoring increased community and club improvements and projects."

We agree with the Station WNHC judges that these thirty words sum up most clearly East Haven's progress.

SILENT GUEST AT THE TABLE

There were "silent guests" at the Thanksgiving tables in many East Haven homes last Thursday. In not a few an extra place was laid at the table and a collection taken to be sent to the Silent Guest Committee in Plymouth, Mass., which in turn will send the gifts, through CARE, to the starving people of Europe. Sharing our bounty with others was a true expression of the Thanksgiving spirit. It brought a heart-warming feeling of giving. The vacant space at the table gave the symbolism so necessary to realization.

We did not serve this "silent guest" with turkey and stuffing and pie and the other good things of the Thanksgiving dinner, as we did ourselves. Instead we did as Governor Bradford of Massachusetts suggested in the knowledge that our money will be well spent to provide some needy family with a food package in time for Christmas.

Even if you did not entertain a "silent guest" at your table last Thursday, no limit has been set on the time that a contribution may be sent. Just so long as generous people continue to send money to the Plymouth Committee, that committee will continue to provide CARE with funds for the sending of food packages where they will do the
