STRICTLY LOCAL

A LITTLE ABOUT THIS AND THAT

BY PAUL H. STEVENS

A THOUGHT FOR THE WEEK

Mother is the name of God in the lips and hearts of little children

THE OLEOMARGINE LAW

This column keeps pretty close to strictly local matters and inasmuch as action taken in the House of Representatives in Washington last week had to do with the tax on oleomargine we feel that discussion of that national issue is not out of place here. If there is anything that is strictly local anywhere in the United States it is this matter of unfair taxes which for years have boosted the sale price of oleomargine on every Main street in America.

We were pleased to read that all of our Connecticut Congressmen voted with those who would do away with the taxes that have prevailed for so many years at the behest of dairy interests.

But recalling the measure from the pigeonhole where it had been "buried", and approving it in the House, does not, by any means, finish the battle. Senate action and Presidential signature is needed to remove the taxes, taxes which have long been a foolish and unnecessary burden to millions of families. Then too, Connecticut is one of the few states that has raised its own walls against margerine. Action will be needed in the next General Assembly if we are to be permitted to buy margerine in the desirable form, which means with coloring added. At present housewives buy it and color it themselves. When the law is changed as it should be the manufacturer will be allowed to sell margerine that has been colored in the same manner that the manufacturers of butter have long been permitted

A HOSPITAL FOR CHRONIC CASES

We have recently come through a campaign in which, through drives held all over America, millions of dollars have been raised this year to go toward filling our Caneer war chest. The American Cancer Society, and its many local branches, has done and is doing a noble task in waging scientific war against this evil disease which today kills at the rate of three every minute. But the dollars heaped together for the battle against cancer are limited in the kind of work they will do. They are car-marked for research, education and early discovery of cases.

As we see it one of the greatest of needs, and one for which the state organization. Ittle has been accomplished, at least so far as this area is converned, is proper care for victims of this or other chronic diseases, who are domed to weeks or months of painful living.

Hospitals, as everyone knows, send the patients home when there

Harry McLay was elected great bers of Pequot have recognized the lor the big military balli the post real spirit of Redmanship as shown is sposnoring this Friday night in the Branford Armory.

Council Session in Bridgeport in work put his name forward for the big military balli the post the best sposnoring this Friday night in the Branford Armory.

Hospitals, as everyone knows, send the patients home when there is nothing hopeful they can do for them. Home care at the best is Suns, as years are called in Red state leadership. poor for such cases. And it means a tremendous strain upon the family resources, financially and otherwise.

Men's circles, Harry McLay has The state convention committee who have been taking vocal lessons

family resources, intanetally and otherwise.

Surely, in a humanitarian state where hospitals and institutions fulfilled the confidence shown bers of Pequot Tribe: General from Mr. Heinz Arnold, provided by have been set up to meet the dmands of most of human ills and suffering, there should be thought given to Hospitals for the chronically by all the Red Men of the state who president, Joseph Ryder; secretary, vited to Parents' Night on Monday, ill. At the least we ought to strive to make the last months as easy elected him to high office. Two Arthur Rubin; Reception, Harold as possible for those who suffer. It is a part of real community living years ago he was instrumental in Horn, Joseph Mancusso, Ernest to share the burdens of those in whose families trouble comes. No organizing a class of 50 palefaces Castiglione, Alec Thomson; Pubone can predict for himself or his own family that he will not have such need some day. We have heard lots of talk about state hospitals for the chronically ill but there has been little real action thus far.

A WORTHY GREAT SACHEM

This week will see the elevation of an East Haven man to the highest office in the Improved Order of Red Men in the State of Connecticut. Harry McLay who has moved upward in the Great Chiefs' Council during the past three years, will be elected and installed at the New Britain convention, to the post of Great Sachem.

In honoring Harry McLay, the hundreds of Red Men of Connecticut arc also honoring nine-year old Pequot Tribe of East Haven, which although one of the youngest of the tribes in the Connecticut 'Reservation', has already made a record of activity and community service. Pequot Tribe, with its large membership, is a cross-section

tion of Red Men. His record as junior and senior sugamore has been enviable. He was one of those instrumental in forming Pequot Tribe.

Water Colonnade Will Be Big at the great council under the Woven Around Indian Chief He has worked hard toward carrying the fine ideals of Red Menship into other communities. Many times he has been host to Red Men from all parts of the state at his own McLay Park here in East Hav en where he has restored a bit of lake and woodland into a recreational area that has proven most popular.

Union leaders representing less than one-tenth of railroad employes reject recommendations of President's Emergency board-refuse to negotiate except on their own terms—threaten to paralyze nation by strike!

THE LEADERS of three railroad unions, representing less than one-tenth of all railroad employees, have called a railroad strike that would paralyze the nation.

These leaders refuse to accept a 15½ cents an hour wage increase retroactive to November 1, 1947. This increase was recommended by an impartial Emergency Board appointed by President Truman.

This increase of 15½ cents already has been accepted by the 19 other railroad unions. But the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Switchmen's Union of North America won't accept what more than Enginemen, and the Switchmen's Con-North America won't accept what more than 90% of all railroad employes have accepted. They have called a strike to get more!

Unions refuse rules discussion Certain rules changes demanded by these union leaders—which would increase wages still further—were recommended by the Board. But the union leaders want more—they demand that the railroads put into effect ALL the changes they asked for, including those the Board felt should be denied. On top of this, they insist that certain rules changes proposed by the railroads be withdrawn—in spite of the fact that the Board recommended them! These union leaders have refused to negotiate except upon these arbitrary terms.

Greater wage increase not justified Engineers and firemen are among the highest paid of all employes in America, as figures in the box show. This strike threat doesn't justify giving a greater increase than other railroad workers received. Emergency Boards are a means provided by the Railway Labor Act in the public inter-est to avoid strikes. The President's Board, They have dictated a paralyzing ratiroac strike.

How long will the American public stand for the undemocratic, arbitrary, and abusive use of the right to strike and the disregard of the obligation to provide transportation? How long can the American people permit a few dictatorial union leaders to defy the processes provided for peaceful settlement of disputes? after hearing evidence for 33 days, made recommendations based on all the facts in the case. The railroads have accepted these

of disputes?

Force seldom produces settlements that are either fair or lasting. Moreover, a point is often reached when personal interests must be held subordinate to the greater public welfare. That is why the railroads have accepted the Emergency Board recommendations. That is also why the leaders of these three unions should reconsider their decision to call a paralyzing strike.

Although they deplored so large an extra cost burden, the railroads accepted the report of the Board because they felt it was in the public interest to uphold the spirit and intent of the Railway Labor Act.\$3,966

Compare these wages with what you make! Assonments what the carnings would have been if the 15½ cents per hour increase, offered by the railroads and rejected by the union leaders, had been in effect through-

We are publishing this and other advertisements to talk with you at first hand about matters which are important to everybody.

ELM STREET AT ORANGE

Look who gets squeezed!

Union leaders representing less than one-tenth of railroad employes reject recommendations of President's Emergency board—refuse to negotiate except on their own terms—threaten to paralyze nation by strike!

esenting less than one-tenth of all railroad mployees, have called a railroad strike that

employees, have called a railroad strike that would paralyze the nation.

These leaders refuse to accept a 15½ cents an hour wage increase retroactive to November 1, 1947. This increase was recommended by an impartial Emergency Board appointed by President Truman.

This increase of 15½ cents already has been accepted by the 19 other railroad unions. But the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Switchmen's Union of North America won't accept what more than 90% of all railroad employes have accepted. They have called a strike to get more! Unions refuse rules discussion

Critain rules changes demanded by these union leaders—which would increase wages still further—were recommended by the Board. But the union leaders want more—they demand that the railroads put into effect ALL the changes they asked for, including those the Board felt should be denied. On top of this, they insist that certain rules changes proposed by the railroads be withdrawn—in spite of the fact that the Board recommended them! These union leaders have refused to negotiate except upon these

Greater wage increase not justified Engineers and firemen are among the highest paid of all employes in America, as figures in the box show. This strike threat doesn't justify giving a greater increase than other railroad workers reselved.

Emergency Boards are a means provided by the Railway Labor Act in the public interest to avoid strikes. The President's Board, intent and spirit of the Railway Labor Act, and dictate their own terms: They have dictated a paralyzing railroad strike. You will be the victim!

How long will the American public stand-for the undemocratic, arbitrary, and abusive use of the right to strike and the disregard of the obligation to provide transportation? How long can the American people permit a few dictatorial union leaders to defy the

after hearing evidence for 33 days, made recommendations based on all the facts in the case. The railroads have accepted these

Although they deplored so large an extra cost hurden, the railroads accepted the report of the Board because they felt it was in the public interest to uphold the spirit and intent of the Railway Labor Act.

of disputes?

Force seldom produces settlements that are either fair or lasting. Moreover, a point is often reached when personal interests must be held subordinate to the greater public welfare. That is why the railroads have accepted the Emergency Board recommendations. That is also why the leaders of these three unions should reconsider their decision to call a paralyzing strike.

Compare these wages with what you make! Railroad wages computed from Interstate C

THE WANDERING MINSTREL OF SPORTS

(BY BILL AHERN)

This is a story of a tramp athlete:

To the unintilated a tramp athlete is a young man who is above average with his sports' ability and trades his provess for an educative and trades his provess for an educative and trades his provess. tion. More than that, each year and quite often each semester finds

In Branford there were two prominent men who in their earlier In Branford there were two prominent men who in their carried days spent much of their young life as athletic tourists. Both attained days spent much of their young life as athletic tourists. Both attained whose 606 mark led all the local stature in the town's affairs. Both are respected fathers.

Harry Brazeau, former Community Director, here, was one and the Hylenski, Hugo Mann and possibly Hylenski, Hugo Mann and possibly appropriate the own ment and grocery store in town, John "Bub" him with another school.

other operates his own meat and grocery store in town, John "Bub"

Reynolds left high school one spring day in 1927. His departure was hurried when after picking up all the papers in room 5 in the old B.H.S. he asked the teacher, Miss Louise Bender, if there was anything more he could do like moving the plane.

The following fall found him at Hammer Field working out at halfback with the old, colorful Laurels football team. For two seasons he stayed with Bob Kelly's eleven and then through the graces of Stu stayed with Hob Keny's eleven and then through the graces of Sol Claney worked out for Cleo O'Donnell at Holy Cross. He was actually enrolled in the Worcester college for three weeks before the authorities enrolled in the worcester college for three weeks before the authorities realized that he had not finished high school. O'Donnell shipped him to St. John's Prep, a scholastic incubator for many a Branford lad, where Bub became captain of both football and basketball and made the All-New England teams in both sports in 1929 and 1930.

When he left St. John's, this time armed with the proper credits, Hugo Mann his faculty advisor at the Cross had passed from the Worcester scene. nis faculty advisor at the Cross and passed from the Worcester scene. Braced by his press clippings, the local boy weighed offers from nearly all big schools in the east finally letting Dave Dunn, former Yale football player, talk him into Vermont University, where he was head coach

At the time.

His Branford forebears there, Vin Carney, George Fair and Fred
Houde, now Attorney Frederick R. Houde, worked him into joining their campus fraternity, Sigma Nu. After two years in the Vermont hills, where he played important roles in the destinies of Burlington athletics, he met Tommy Mills, former Notre Dame athlete and head

Winters were cold in Vermont so the crudite Mr. Reynolds took of Hugo Mann coach of Georgetown. for Georgetown. Before he reached a varsity status there Mr. Mills and

the gridiron. The score was 6 to 0.

He lasted three years below the Mason and Dixon line but worked Totals north when the need for money became more pressing than his education. He played some professional football with the Patterson, N. J. Louis Zuraski Louis Zuraski Buildogs and the Newark Glants before taking a job with the state Totals highway department in Connecticut.

Joseph Resjan When the late war broke out Reynolds joined the Sea Bees and was Frank Ablondi stationed with advance base construction units in the South Pacific Totals where he says, fates were kind and he met several home town lads, on

occasion, to reminisce with.

In the midst of all his gallavanting, the Chestnut Street Irishman always found time to come back to Branford during the summers.

Summer was synonymous with Indian Neck in those days and to

mention Indian Neck was to breathe Bub Roynolds. He paired with Tom Dave Hylinski O'Tell in that period of his life and the two were the envy of all Bran-Charles Pepe fordites as they toured about in their joint ear, a Chrysler Imperial 80 Edward Kamb coadster. Softball Loop **Starts Season** Tuesday Night

BULLETIN

The team of softball players from the high school which sought entry into the Community Council leagu was barred admission yesterday when Coach Sampson, Physical director of boys at the school, ruled against their taking any chance which might cause the Connecticu Interscholastic Athletic Conference of which Branford is a member, to mis-interpret the rule which bars playing with outside teams or in any organized ball while playing as member of a high school unit.

President Frank J. Kinney, Jr. of the Community Council announced this morning that eight teams and possibly nine have signified their intentions of entering the softball circuit sponsored each summer by the Council. The units positive of playing are The Croatian Fraternal Union team which has won the title for two years running, The Sportsmen, The Sal-tonstall A.C., The Italian-American Club, The Stony Creek A.A., The Old Timers, The Branford Package Store, and The Carver Club. A ninth team, The Forty-Niners, is composed of high school students and must await a decision on the part of school authorities to learn if they are violating scholastic rules by playing outside
