**KEEP UP OUR GUARD**  
 The G. I.'s in Korea were slow to accept the fact that they had to guard the line. In America, most people were thankful for the armistice but cautious as to its significance. Now that the guns have been silenced in Korea, we can certainly be thankful that the slaughter of humans has ceased in this area. For the time being, at least, but the problems in which the Korean war took root and the additional problems which it has created still remain with no easy solution in sight. It seems, that some of our political leaders are already speaking of savings in military budgets. It would appear that unlike the weary soldiers at the front who heard too many false announcements about impending truces, they are ready victims for the Kremlin plot.

**WORTH A STUDY**  
 The Senate Internal Security subcommittee headed by Senator William Jenner, of Indiana, has issued a report which contains evidence that world Communist leaders have made the American educational system a target for infiltration in order to lay the groundwork for destruction of the United States government. The report comes as no surprise. Not only because the investigations of suspected teachers have continued for years, but because of such a plan of infiltration would be a

**Momauguin**  
 Even though we're still in the middle of summer, some evenings seem to have a tinge of fall. It's getting a little darker every night and not as many people walking around. Maybe it's because it's not so hot, or maybe it's because it's so hot. A quick recovery is our wish to Mrs. James Cunningham, of Sound View Ave., who is convalescing from surgery in the Grace New Haven Hospital.

**Local Student Among 241 Entering Trinity**  
 Vincent J. Bruno, of 12 Dwight Pl. is one of 94 outstanding Connecticut students among the 241 young men admitted to the class of 1957 at Trinity College for next September. Dr. Albert C. Jacobs, president announced.

**Friends of Music Hold Annual Outing**  
 The "Friends of Music" held their third annual covered picnic supper recently at the summer home of Mrs. Margaret Tucker at Ingham Golf Course. Following the supper, recreational activities of a varied nature were enjoyed and group singing concluded the evening.

**YOU and YOUR CONGRESS**

Washington—It appears that the national debt is about to make headlines again. That is based on reports that the Administration will ask Congress to raise the legal ceiling on the debt—a request that would stir a great deal of argument on Capitol Hill.

**COLD WATER ON COLD SPACE**

A University of California scientist has thrown some cold water on space enthusiasts who have been looking forward to human exploration of the solar system in the near future. At least, the scientist's review by Waldemar Kaempffert, science editor for the New York Times, of a book entitled "Man in Space" by the author, Habber, thinks that the two main problems, physical, physiological, and psychological, presented by outer space to permit of man's presence there are insurmountable.

**Moments of the Month**  
 Moments of the month are those moments that are so precious and so fleeting. They are the moments that we cherish and that we want to relive. They are the moments that we live for and that we die for.

**Who, ME?**

More than 15,000 persons were killed and nearly 750,000 hurt in work-and-accidents last year. Only 750 can prevent fatal accidents!

**Second Fiddle Tunes**

From little white lies to big whoppers, and small deviations from the strict truth in between, there are all sorts of preparations being offered in every day's experience. Some of these are the "second fiddle tunes" of the press and the public.

**FOXON NEWS**

On the second Wednesday in August the Ladies' Aid of the Foxon Congregational Church will hold its annual summer social. The party will be held at the home of Mrs. Sidney Bailey, Sunset Beach, Branford.

Word from California tells us that Frank Savino of Glenmore was instructed to enforce the law on the Boy Scout Jamboree where he has been in charge of the New Haven County District of Conn. Scouts. After some slighting of the homeowner trip that will include Yellowstone National Park he will be back in Foxon this weekend.

Having been witness to another World Jamboree a while back, we know what an inspiring affair such an event can be and we are glad to see that our local representatives could have the opportunity of this great experience.

While no one will say so directly the resignation of the Mrs. Gloria Pierce as secretary in the Foxon supervisor's office reflects a general dissatisfaction with the salary set-up. The main gripe has been the apparent lack of recognition of seniority in the setting of salaries.

Older Foxites will be going West this summer, too. Mr. and Mrs. J. W. Wilson are planning a trip to the Grand Canyon.

The Hurder family has just returned from a trip to Northern California. Mr. and Mrs. Wilson family will be entertaining relatives from St. Joseph Missouri.

When the New Haven Little League enters tournament competition this week, Michael Letis of Hunt Lane will be playing for the Blue Stars. The game will be held at the Little League Field in Westville.

Expectations that a firm would come through with a request for a 56 hour week were not realized with the submission of the Fire Department budget. Instead, the men are requesting two weeks vacation for members with five or more years seniority and annual salary increases of \$200 each.

William McKay, secretary of the Lions Club, is under treatment at the Connecticut Veterans Hospital. He will be there for a couple more weeks, we are told.

**HERE COMES THE BRIDE**

Everyone knows it's not you who is the bride and groom, but when the custom of throwing first beans, when the bride is making her exit, and the bread was eaten at the wedding feast. Then later it was the beginning of the tradition of serving creamed food in a croutade at a wedding.

Bob Tobin, Michael Ricciotti. 50 yard dash: Bob Tobin, Peter McFarland. Potato Race: John Donofrio, Jon Colson, Howie Gebel. 8 to 10 years old girls—30 yard dash: Mary Pullman, Carolyn Lazzari. Volley ball throw: Patty Monast, Mary Pullman, Carolyn Lazzari, Kathy Monast, Softball throw: Patty Monast, Mary Pullman, Carolyn Lazzari. Volley ball throw: Patty Monast, Carolyn Lazzari, Potato race: Mary Pullman, Patty Monast, Kathy Monast.

10 to 11 years old boys—60 yard dash: John Donofrio, Donald Colson, Larry Donnelly, Nick Pullman. Potato race: Donald Colson, Tony Lazzari, Nick Pullman. Volley Ball Throw: David Stearns, John Donofrio, Anthony Lazzari. Sack Race: Nick Pullman, Donald Colson, John Donofrio.

Boys 12 years old—Softball Throw: Tom Consolo, Bill Hearn, Nick Pullman. Volley ball throw: Tom Consolo, Nick Pullman.

12 years old boys—Softball Throw Steve McDonald, Donald Colson.

Girls 11 to 12—60 yard dash: Ann Pullman, Lorna McFarland. Sack Race: Ann Pullman, Lorna McFarland, Suzanne McFarland.

Softball Throw: Ann Pullman, Barbara Cunningham, Lorna McFarland.

Judges at the Stony Creek playground were: Stephen McDonald, John Donofrio, Donald Colson, Anthony Lazzari, Nick Pullman and Larry Donnelly.

## EAST HAVEN NEWS

Thursday, July 30, 1953 Page 8

The above program was under the direction of playground leader Harriet Gaetz.

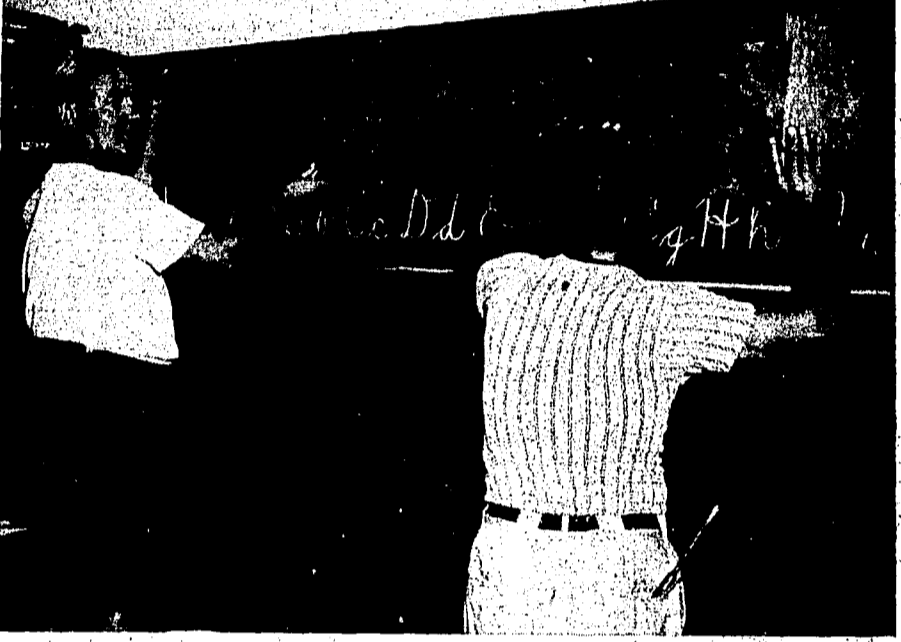

Dr. Firmus E. Bear, above, head of the Soils Department at the New Jersey Agricultural Experiment Station, will be the principal speaker at the 1953 Field Day of the Connecticut Agricultural Experiment Station. It was announced today. The Field Day will be held on Aug. 19 at the Station's Experimental Farm at Mt. Carmel. Dr. Bear's address for which he has chosen the title, "Soil—the Substance of Things Hoped For," is scheduled for 1:30 p. m.

## Working On Gerrish School

Like a middle-aged woman keeping up appearances, Gerrish School is getting a new coat of paint per order of the Board of Education. Applying the cosmetic to the walls of one of the classrooms are (left) Gene Klase, of 97 Marlon St., Bridgeport, employes of the Interstate Water Proofing Company to whom the renovation contract is being awarded.

Charles Coyle, member of the schools maintenance staff, and Dominick Mellillo, custodian, are engaged in a face-lifting operation in one of the Gerrish School rooms. Bulletin-boards above the blackboards are being reversed to renew their appearance and give classrooms a fresher look.

## Century Old Bible Rack

A bible rack used on New England railroad trains 100 years ago, when Vermont rail required that all passenger cars operated on the Sabbath be equipped with Bibles, was presented to General Manager Donald M. of the Central Vermont Railway by Miss Edith Greene of St. Albans, Vt. Miss Greene found the old rack, which is a collector's item, in the hallway of a St. Albans apartment house where it had served, unidentified, as a newspaper receptacle for half a century. The old rack will be placed in a permanent railroad museum.

## MAKE YOUR REFRESHING TUB BATH A SAFER ONE

In summer, the bathtub usually works overtime for the whole family as frequent bathing helps keep you clean and refreshed. To prevent slips and falls use a non-skid bath mat both in and outside the tub; a hand grip to help you maintain your balance; and a soap dish to keep soap from underfoot. These precautions will help you to enjoy your bath in safety.

## More money for you!

**NOW YOUR MATURING SERIES E BONDS CAN EARN INTEREST TEN YEARS LONGER—AT 3%!**

Have you given any thought to what you'll do with those maturing Series E Savings Bonds you patriotically invested in ten years ago? Well, here's real good news for you. You won't have to do a thing with them and they'll continue to earn interest for ten years longer at 3% interest, compounded semiannually. Just hold on to your Bonds and allow them to go on earning!

And in the meantime join the millions of thrifty Americans who are investing in Savings Bonds regularly through the Payroll Savings Plan. Millions who say it's the one sure way to save.

The sum you set aside each week may be as little as 25¢—or as much as \$275. If you can save just \$3.75 a week regularly through the Plan, in five years you will have \$1,025.95! In 8 years and 8 months you'll have \$2,137.30. . . in 19 years and 8 months, \$5,153.72! For now the Series E Bonds you buy and hold to maturity can earn 3% interest compounded semiannually.

No matter how small your income, you can't afford not to put something aside for yourself. So join the Payroll Savings Plan where you work today.

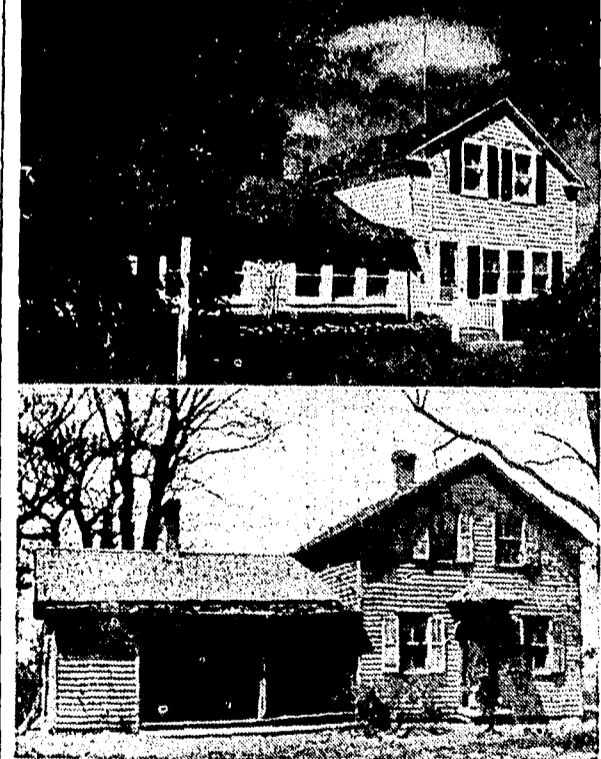

If you want to be paid your interest as current income—invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. United States Government Series H may be purchased at any bank, annual limit \$20,000.

**NOW EVEN BETTER!**  
**INVEST MORE IN SAVINGS BONDS!**

The U. S. Government does not pay for this advertising. The Treasury Department thanks, for their patriotic donation, the Advertising Council and

## Modern Materials Give New Life to Old Dwellings

The handsome, new-looking home, top, is the remodeled version of the 100-year-old farmhouse, bottom. Window rearrangement, elimination of the porch, a new fire-resistant asphalt shingle roof, and new paint were principal exterior improvements.

Thanks to improved modern building materials, an old house that is remodeled may be better than ever—even better than when it was brand-new.

Windows are a case in point. Because of modern insulation and heating systems, windows can be bigger and there can be more of them. Asphalt shingles, another example, today give the roof colorful beauty, fire-resistance, and long life in addition to the fundamental quality of weather protection.

A 100-year-old farmhouse in Wisconsin typifies the improvement that can result from home modernization when the frame is structurally sound.

A new asphalt roof was the first item in the face-lifting job. In the process of reroofing, the two old chimneys were removed and a better-located chimney was built.
