Impossible Histories: The Soviet Republic of Alaska, the United States of Hudsonia, President Charlemagne, and Other Pivotal Moments of History That Never Happened by Hal Johnson is an alternative history book that explores twenty pivotal historical events, examining both the actual course of events and fantastical "what if" scenarios, like a Soviet Alaska or President Charlemagne, to reveal how tiny changes could have drastically altered history. The book uses humor and speculation to present fascinating, strange, and tragic counterfactuals across different eras and continents, making history more entertaining by showing how it "could have" happened.

Impossible Histories will be for sale at the author showcase and will be \$20 each. Mr. Johnson will sell other books at various prices. Cash, check, Venmo, or Paypal will be accepted.
